IN MEMORIAM

BARBARA WAGNER, '24, FRANCIS BRIMINSTOOL, '24,

CLASS OF 1922

Four years ago you entered A. H. S. as timed, verdent freshmen. During your four years here you have lost your timidity and verdancy, and now with confidence and growing maturity stand at the threshold of a broader participation in the problems of life.

As I look back over your years in A. H. S. I have a feeling of pride for what you have achieved and a feeling of confidence for the future. Your record in school has been good. In all branches of school activities, scholarship, athletics, debating.

dramatics, you have proved your ability.

I especially value the loyal, broad-minded spirit of student leadership you have displayed this year. The seniors in a school are the natural and logical student leaders and molders of student sentiment. The ideals of a school will be very largely a reflection of the ideals possessed and expressed by the seniors. I appreciate the co-operation I have received from you this year. I have felt that you were for everything that was for the best interests of A. H. S., and were against everything that would in any way bring discredit upon our reputation at home or among other schools.

When you receive your diplomas and leave us, you will go, not as a class group, but as individuals, for the class of '22 will be dishanded. My wish for you is that you will always carry as individuals the high ideals that you have held as a class.

FORREST V. ROUT I

THE graduating class of 1922 is one to be proud of. During its entire four y in A. H. S. it has contributed largely to the support of the school. It has not simply been a passite but has given as well as received, and it is with deep sorrow that it is now leaving this dear old high school. It has spent some of its happiest days of its life under the blue and gold and it is impossible that it will ever forget those days. The students who are graduating this year are not going to the

Fil Houser

Carol Morse

Edwin Woods

Charlotte Munson

Miss Greene

same colloge, they are not going through life together, but is is an impossibility that they will ever forget each other. They will take up different occupations but judging by their work as members of this class all should be successful.

The reason for much of this triumph is that early in its high school career, even when Freshmen, the class of '22 got into the game and played hard. We cannot review all that the class has done during our four years here, but an item or two of its accomplishments a Seniors will be sufficient to show the real control of the class.

In the first place, starting off with a bang, as its custom, it was the first to get a 100 per cent student body membership. But this was not enough. The class of '22 had a splendid percentage of subscribers to the Spotlight and Annual, two things worth

boasting of.

Furthermore, it has been well represented in all school activities—scholastic, athletic, literary, social and financial. Members of the Senior Class have been the main force in the football, basketball, track and baseball teams. Four of our debators are Seniors, and the Spotlight, our school paper, was launched, managed and made a success largely through the efforts of the members of the class of '22. The Alhambran has its share of Senior workers and the Honor Roll bears many a Senior name. We need only mention "A Bachelor's Romance," the Senior play, and everyone will recall the splendid work of the class in dramatics.

The good times that the class has had this year are many, especially the Senior Dance given early in the year when the Juniors were the guests. It was the first class affair of the year and proved a rollicking success. The Seniors enjoyed themselves equally as well at the dance given them by the Juniors in May. These parties in the gym will always be among the cherished memories of every Senior.

To conclude, the class wishes to express its sincere thanks to Miss Greene, who,

as class teacher, both this year and last, has helped it in every possible way.

To the Student Body, the class wishes to express its hope that the years to come will bring forth even greater triumphs than this year has seen, and it trusts that those who follow it will carry on the splendid work already begun. In turn, the class hopes that its deeds and accomplishments will continue to bring honor to its Alma Mater.

HIS year's Junior Class is the largest Junior Class Alhambra High has ever known. Least year's Juniors set a very high standard, and that standard we have striven to maintain. The Juniors have participated in practically all of the school activities of the year. Athletics, Debating, Dramatics, Music, and Literary work are represented well by the Class of '23. This year has been by far the best year that A. H. S. has ever experienced, and the Juniors have striven to be a factor in making it so. One hundred and nineteen students were registered as Juniors at the beginning of the year. We now number one hundred and forty members. The class officers are: President, Jack Rhoades; Secretary, Nelson David; Treasurers, Shirley Gitt and Alvin Spoon.

This year there were several Juniors on the football team who can be classed as stars. There is a good deal of material for football in the Junior Class, and it is expected to shine forth and do big things for the school next year. Although little has been done the past two years in football, next year we should have a good team, as the coaches have been building it up these years from lower classmen. Next came basketball, in which the team did so well. There is no use mentioning their achievements, for the whole town knows their record from A to Z. Juniors here again took an active part in helping to cop the Southern California pennant. Many members of the track team were also Juniors; once again showing our proficiency. Three of

our first team baseball players were Juniors.

One might suppose from the preceding prograph that our class is composed only of athletes. This is not so. Three Junior arts took the prizes for the annual stories, taking first, second, and third places. The annual staff is composed of many students who are Juniors in training for annual work next year. Debating owes part of its success to our representatives on the team. We are also well represented on the Spotlight Staff; in fact, "the Child of Mrs. Richardson's heart" is being edited, this term, by a Junior. The Juniors put forth their best efforts to make this year's circus a success, and we all agree that it was. We are all proud of our play, "Stop Thief," the proceeds from which bought a set of scenery for the stage, made a liberal contribution to the "Student Revolving Fund," and financed our dance so that it was complimentary to all. And speaking of the dance, all of the guests proclaimed it the biggest social event of the year. For this, and many other accomplishments we owe much to Miss Walker, our class teacher.

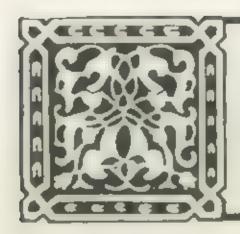

Seniors are always looked upon as leaders in a school, and we hope that next year

we can live up to what the other classes expect of us.

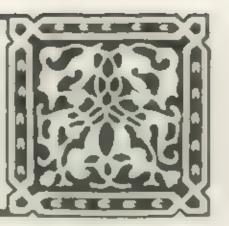

NELSON DAVID.

Twenty-nine

SOPHOMORES

I the best type, to be an extend to new set outlines, and the period to swing of things, so even though we feel that we did fairly well as a Freshman Class we are sure that we took hold of our work as Sophomores at the beginning of the year with a greater insight into what a privilege and responsibility it is to be an organized group in A. H. S.

The following officers were elected at our first class meeting: President, Lloyd

Rogers; Vice President, Irvine Nye; Treasurer, Dorothy Pence.

During the year we worked hard as a class and June brings to a close a year of real achievement for the present Sophomores and we can look back on the past months with satisfaction. As Sophomores ours has been the privilege to contribute largely to the splendid success that Alhambra has had this year. Very often under classmen are valuable to a school on the second teams; but only rarely do Sophomores place on the first teams. But this year we have had the unique privilege of being represented on the first teams in all activities.

Class activities have been equally well supported in every branch of work. The Suphomores won the annual Sophomore-Freshman football game by a score of 55-0. Next came interclass basketball. After the basketball games were over, the Freshmen challenged the Sophomores to a debate which the Freshmen won by one-third of a point. Though all the classes have had an opportunity to manage and publish one edition of the Spotlight, the Sophomores pointed out the way by undertaking the project first and feel that a most interesting custom has been established and started on its way by the success of their venture. Socially the class had a good time especially on May 20, when the Sophomore dance was held in the gymnasium.

We wish to take this opportunity to express our appreciation for the enthusiasm and guidance of our class teacher, Miss Chambers. Her illness during the last semester has been regretted by us as individuals and as a class. Mrs. Richardson has

helped us during the absence of Miss Chambers.

We, the Sophomore Class, hope that as Juniors we will be able to help the school even more than we have helped this year and that our past work is only an indication of the bigger things we will do as Juniors.

LEOYD ROGERS

Thirty-one

Guess we woke the old school up when we entered last year, for it started up with a temperature to the text to have the text as ke to the even on us, because they must have thought we were going to ruin the place; but later they eased up on us a bit. I suppose they found out we were not so very destructive, for we did not want to destroy the "dear old school;" we just wanted to make it better.

The class of 1925 has an enrollment of over 350 students. That is not such a small number to add to a school like this. Over 40% of the total enrollment are Freshmen. No wonder that we have pep and have made ourselves known. We have had good teams to uphold the honor of our class, one of them being the basketball team, which beat the "Sophs," Juniors, and the five-year-men. The Semors were a little too strong for us, for they had five men that played on our championship team this year. That record is not so bad for Freshmen, is it? It looks as if Coach Downing will be able to put out a few more winning teams in the next three years. Our players were Rudie Moreno and Fay Malone, guards; Eugene Dutcher, center; Lee Moose and Tommy Wolford, forwards.

We also beat the "Sophs" in debating. It is funny you do not hear the Sophs crowing so much now as you did when they won the football game. I guess these two

victories quieted them down for a little while,

The Freshmen Class put out the best Spotlight that has been put out this year. It was a pleasure to those who had worked on the Spotlight to see the surprised expression of the Spotlight readers when they saw the color and the size of our edition. Ten pages written and edited by Freshmen is the record maintained by the class of '25. The success of the issue was due to the hard work of all those on the staff and the advice and assistance of Miss Hudson and Mr. Green. Speaking of Mr. Green, we would say at this time that the entire class appreciates what he has done for us this year as class teacher.

Well, Freshmen, let's all boost our class and make it the biggest success and the best class A. H. S. has ever had.

MARCELLA

First Prize Story

By Helen Hutton

In the farthest valley of the Berkmere Hills there stands a solitary dwelling. The road to the valley is broken and dying. The river that passes the crumbling mansion does not live to tell the outside world of the wonders that it hears, for its dark waters are drawn back to their underground caverns before they reach the dwellings of men. The world does not know that the valley exists. I did not know. None knew save the strange, wild creatures that embrace its heaven sheltered solitude.

This was the spell that I unknowingly broke, led thither by him to whom it was

the most dear.

. . .

Just as the sun was rising on the barren thirsty hills, three men swung over a hidden trail together. The first was a blustering, red-faced giant, Schurtz, whose tongue was never silent. Behind him strode Antin, steel-eyed, sullen and silent. I followed in the rear, starting, with these companions, on a hunting trip never to be effaced from my memory. Although Schurtz always led, Antin was the only one who knew the hills.

We traveled, thus, for several days without a sight of game. It may be that Antin knew that there was none in those hills. After the first ten miles we had seen no water, a factor that caused me some uneasiness. But Antin knew of a spring that was somewhat farther on, and he seemed loath to give up the trip. And so we proceeded until all the canteens but his were empty, when we separated to look for the spring.

Five minutes later I ran back, at the sound of a shot. Schurtz was dead and Antin had disappeared. For this alone had he led us into the hills. I remember now that he

had desired me not to join the party.

For hours I wandered in a maze of hills, finding neither trail nor water. Suddenly I stopped in terror and listened. Cutting into the glaring silence I heard the sound again—the soft sobbing of a violin. Frantically I fought this strange delirium, but clearer and louder came the sound. It was a cry of loneliness had sorrow greater than any man has ever dreamed of. Then the strain changed and the air vibrated with a strange and awful tranquility. The tones grew fainter and I found that I was following them. Then softly it came again, and I staggered on. I came at last to the edge of a steep embankment. From far below me came the sound. The blind impulse to reach it was all that I was conscious of. How I entered the valley I will never know.

Again I was searching on endless desert for water, water. Schurtz was norming the world but everywhere I turned I found the story eves of Anton testened upon me with mockery in their depths. Then, suddenly I felt the cooling liquid over my burning eyes. I was about to call to Schurtz that I had found it, when I became aware that he, Antin, and desert—all had disappeared.—The scene was one of verdure and beauty. Somewhere a river was moaning. A soft breeze was playing in the leaves over my head. Again the cool, moist something passed over my brow. My hand, raised in wonder, encountered a soft, cool little white one, and I partly rose to see its owner.

Never since the Gods of Olympus deserted this earth has man gazed on a more exquisite creature than so who kneeled before me. Her blue black has fell like to est over her slender shoulders. Her cheek was tinted as faintly as the western sky after the sanset coulds have taked and the soft eyes shaded by long dasky costes were black

Stewas regarding me with untahamia controls wonder, manger twith delight. I necessis something expered correct woven in her very movement that awakened in

me a strange terror. Could it be that I was conscious now or was this but another creation of a sunfevered brain? Perhaps this cool greenness was born of my burning thirst. If this were true, it would vanish the moment I reached for the water. I hesitated, longing to hold this peace, as one clutches at the last fragment of a deep sleep before forced by necessity to arise. Then I saw that she was holding a brimming cup before use I double to get a mid turn s, any down to the stream exposs that it was test.

She watched me wonderingly while I cooled my thirst. Under her glance a new thought came to me. Could it be that I was in some other world where my last wish was being granted—that this unreal creature was some guide to lead me onward? As if in confirmation, she now motioned for me to follow her.

When this sense of unreality left me, I cannot say. I followed now uncertainly. The only reason I can give for my passing weakness of fancy is the horror of the events of that day, exposure to heat undreamed of in my cool studio, and then the sudden finding of myself in this unheard of place that was like no other on earth.

As we came in sight of the house, the girl spoke for the first time. "I am Marcella," she said; "I don't know who you are. I want you to come to my father. He will know why you are here. Maybe you are the spirit he speaks of."

I followed silently, because I could think of no answer. By the door of the house we found him, the soft breeze playing in his wealth of unkept, snowy hair. In his arms he held—lovingly—an old violin.

The wonder of our meeting is something I cannot describe. At first he seemed afraid at seeing me, but this was replaced by overwhelming joy. The questions he asked were too strange to repeat—questions I could not quite understand, about the city, but not as I ever knew it, questions a child might ask about a place he has left and then made dreams about. Seeing the confusion on my face, he smiled and said, "It is years since I have been in the world. I was a boy—seventeen, I think—when I left it. I have only been back once since—a long time ago."

He looked at Marcella for a moment, and then at me, with sudden surprise. "You are the only person my girl has ever seen, except myself. Unless—Can you remember her, girl? No, you were too young, you could not remember. You hardly knew—." He did not finish, but seemed to have forgotten what he had been saying. Buried in some reminiscence, he moved slowly toward the river with his violin.

We listened in silence for a moment as he played, seated beside a gnarld old oak. Then Marcella spoke.

"Where do other men live? Why don't we see them here? Are there many more?" I hesitated, hardly knowing how it was best to answer. "Tell me about it." she continued. "I thought this was all there was except the hills. They go back forever.—You came from there. You are not the Spirit of Music, are you? I thought so at first. He wants me to see it so. I have heard him crying for it when he was alone in the dark. But it was always a mistake. I hoped I had found it for him today."

I looked at the bowed white head under the tree, bowed as if the melody he drew out of his instrument was something he was hearing far off—perhaps the fabulous music of the spheres that he was trying to bring down to this earth.

"No," I said, "I am certainly not the Spirit of Music. If only I were! But he

is closer to it than any man has ever been." And I believe that this was true.

And so began my stay at Berkmere—a stay that was like a dream. There were two species to the lane. Mincelly, and the volume Both were terrible in their exquisite sweetness—two delicate instruments tuned to the wild heart of the old man.

All that I learned of his life was from the violin. It sang of loneliness, of long-

joy, as of some great happiness that had entered the weary hearr of the man. I ke the sunlight on the river flattering finially through the leaves into the dark waters aclow. But it always ended with a sob of fath miless despair, and then the eternal sorrow again. That was the story of his life. It was woven into his every strain.

And it was woven also into the soul of Marcella. I felt this more every hour.

It had become her life, but the weight of it was crushing her fragile body.

I had told her little of the world without. I could not, but I longed to take her out beyond the reach of this madman, out where she could learn to live. But I dared not speak to him; it would be asking to take his life out with me and leave but a

hollow shell. Yet I could see that all the while she was slipping away,

Then came the night of the storm. The lightning crashed, the torrent beat against the house, the wind shrieked—and the violin wailed in harmony with it all. And while I sat alone in the darkness and trembled a spirat entered the house more terrible than the storm without. Quaeta it seemed to glide an Lahng the whole house with its presence. I felt it and grew sack and coad; the man upstairs felt at and the wild tones changed to the piteous soft cry of a broken thing.

One other felt it, where she lay alone in her cold dark room. And to her it

brought peace at last, and joy, and freedom.

The storm without subsided and the clouds were breaking apart. I went to the room of the old hermit, where he sat as in a dream. He did not see or hear me, so I slipped out into the pine morning it without sixing a word. I knew to the would rather I did so.

THE SUMMONS

By Phyllis Quinn

The sun is sinking slowly.

Slowly into the sea,

From the west a voice is calling.

Tis whispering to me.

Solemn sorrows of a lifetime
Are fading fast away,
My heart and step are weary—
As to the shore I stray.

I gaze unto the horizon
Far across the tide,
I see a barge approaching
And closer, nearer, glide.

The pilot bids me enter;
I feel his icy breath,
But even as I linger—
I must obey him; Death!

AT THE RISING OF THE MOON

Second Prize Story
By Frances Russell

AN TA-SAO bent over the waving stalks of rice, caressing each one with her course brown hands roughened by necessint labor. Tears were in Han Tassao's almond eyes. For tomorrow she was to leave the house of Hu Ta-sao, her tather, and go to Ho Chin, the wealthy merchant. The turne had struck the house of Hu Ta-sao with a merciless hand. Everything had to be sacrificed for An Li the little new born brother. So tomorrow Han Ta-sao must go.

What was that noise? Surely it was more than the wind rustling through the morning rice. "Han Ta-sao, Han Ta-sao," came the murmur from the heavy grass. A boy's sleek black head rose from the ground where the lithe young body of Pien Chang by stret hed has an give a furtive glance were her shoulder to where her father and Ho Chin bargained over her price. Then deftly she bent her head to the ear of Pien Chang.

"Tomorrow do you go Ta-sao? Is it then true that---?" Tears choked the voice of the boy and he could go no further.

"Yes, Pien, I must go. I am only a girl. An Li must live. It is better that I

work for Ho Chin than to die and have An Li die too."

"My barge is on the river, Ta-sao. I-I can-, when the moon rises-"

Ta-sao stood erect. "At the rising of the moon then Pien—— Ho Chin cannot kill father for my misdeed, so——! Be careful, Pien! Here they come." With that word of warning Ta-sao bent over the waning stalks of rice, until Ho Chin trudged off toward the house with her father.

That night, just before the pale harvest moon rose over the famine stricken section of I mingle, a attach ack harved through the flooded rice fields to the river bank, where lay a decrepit old barge.

"Pien, Pien, are you there?" Ta-sao looked around anxiously. "Pien! Pien!"

There was no other sound save the lapping of the water against the barge.

A sound of voices was wafted toward Ta-sao, so she stood almost at the side of the barge. Some one was coming along the river road. Yes, it was the voice of Ho Chin. Ta-sao, overcome with fright, dropped to the ground, and none too soon, for Ho Chin and his company were upon her.

At that inopportune moment a youth, as if coming from his daily labor, trudged toward the barge. He stopped suddenly and looked at the heavens. "Ta-sao," he

called, "Oh, Ta-sao!"

Ho Chin had stopped his men to watch the pale golden queen as she rose in the heavens. All was quiet. Then— "Ta-sao, oh, Ta-sao!" What was that? What did it mean? His eyes fell upon the barge and the form of Pien Chang, standing out in the moonlight. He came to the one conclusion. Ta-sao, the drudge he had purchased, was running away. Too much had he given for her. No, she would not escape. He would see to that. Quickly, Ho Chin alighted from his magnificent rick-shaw and crawled slowly and silently toward Pien.

Ta-sao, almost recovered from her fright, raised her head at the sound of Pien's voice. A form crouching along the ground caught her eye. A ray from the mount to be put the trace of the Chin may negligened the drendy gleaming knife he carried. He Chin was almost upon the all unsuspecting Pien. Ta-sao gained courage. Hate and over themed in her tittle amound eyes. She determined that never should

that monster, Ho Chin, harm Pien, her Pien.

"Pien!" she cried out softly, "your knife! Beware of your back!" At that she jumped like a raging tigress upon the back of Ho Chin.

Pien grasped his knite at Ta-sao's warning. Turning quickly around, he be-

held Ho Chin upon the ground with Han Ta-sao upon his back. One arm was raised, and in his band, pointing directly at Han I can's heart gleamed a krate. Pien rushed upon Ho Chin with his weapon; and Ho Chin rolled over into the water,

Ta-sao clambered up from the ground, where she had been thrown at the fall of Ho Con Pien, sail she looking toward the heavens and withing the moon as it glided out from beneath a cloud. "Pien, at the rising of the moon——?"

Pien bent over and grasped her in his arms. Wading through the stream he

carried her out to the barge.

Just as the barge moved off, Ho Chin rose wearily from the slimy, shallow water and with baffled anger watched the departing lovers, as they gazed at the friendly moon, now riding high in the heavens.

AN IRISH FAIRY

Third Prize Story
By Charlotte Neale

A FULL harvest moon looked down on three scenes quite different in setting but bound closely together in Destiny. One was the big gymnasium of the Stanton University, another was a petite figure sitting in the crotch of the giant maple, and last but by far not least was the boys' dormitory, big and black except for a bright light in one of the windows. "One?" you say? Yes, just one, for all of the other occupants were attending the big rally and dance in the gymnasium. Even now voices could be heard by the small figure in the tree:

"STANTON!

"RAH! RAH! RAH!

"STANTON, STANTON, STANTON!"

A convulsive sob shook the girl, for a girl it was, and then all was quiet. But two big tears suddenly brimmed over and splashed down two rosy cheeks. Oh! How she wented to be to be for way, wint he? We again that the darker to shall be tale.

Stanton University had played and won all of the games of the season so far, and in two days was to play Carford College, a school which had also played and won every game, for the championship of the Southwest; therefore the big rally in the

gymnasium, the pathos in the tree, and the light in the window.

Grant Abbott, captain and fullback of the invincible team of Stanton University, was cramming, cramming as he had never crammed before and never hoped to cram again. He was a fine looking chap, big, strong, and of the athletic type. He was president of the Stadent Grant Commission and as president of the state of the Was the transfer and it was on that subject that he was cramming. He knew that he had neglected daily study of it and regretted it deeply. On the morrow the examination would be given, and for him to pass in it meant everything. He was the most renowned fullback in not a few states; without him the team could not possibly win, and to fail in this examination meant not to be able to play in the game. The coach knew this; the other members of the team knew this, and Jim Parker knew it—but Sheila did not!

Sheila Lawrence was her name, born in America, but a picture of old Ireland. Black hare sky blue eves new a tringed and cheeks as pink as my wild Ires, too, small of stature—such was Sheila Lawrence. She, too, was popular in school life, president of her strong and standing at the head of a liber casses, clever, witty and full of mischief. But right now she was most unhappy. Why hadn't he asked her?

Why, Why? Didn't he know that the rally and dance tonight were practically given for him, and to show the team that the Student Body would back them to the end? Then why hadn't he asked her to go? The light in his window could plainly be seen through the leaves of the tree. What on earth was he doing? Everyone would be looking for them and wondering!

.

Sheila awoke with a start! Where was she? How long had she been asleep? Whose voices were those? Suddenly she leaned cautiously over, listening intently. Her hody stiffened, her eves dilated. She glanced quickly through the leaves, the light in the dormitory window had been extinguished, but she could still hear music and laughter drifting up from the gymnasium.

Two figures stood beneath the tree, talking in low but excited tones. One of the voices Sheila recognized as that of Jim Parker. This Jim Parker was a new boy in the school, coming from a well known wealthy family but nevertheless not liked very well. It was rumored that he had been expelled from a former school, but nothing definite was known. He was in a desperate financial condition and had received a letter from home that morning stating that from now on his allowance would be exactly one-half of what he had previously received. He needed money; gambling debts had to be paid! He was betting heavily on Friday's game, and on Carford too. Something had to be done!

"Here's a copy," said one voice. "I had to jimmy the lock on the professor's desk, but I got it."

"All right, here's the money. I'll ship it in Grant's room tonight, and put it on the table; don't you forget to have a crowd of the fellows come up to his room after the dance tonight to give him the glad hand. You spy the paper on the table and circulate the news. Then we'll see if 'lil sweetheart' will play in the game Friday. And yours truly will be able to pay his debts and face his friends again. And by the way, try to get the coach to go with the crowd tonight. Well, so long—and num's the word!" Sheila recognized Jim's voice.

The two figures parted, one going in the direction of the gym and the other towards the dormitories. When all was quiet, Sheila slipped from the tree. Her sharp eyes had spied something on the ground. This she picked up and went hastily to her room.

The next morning the campus was covered with excited groups. The news had spread like wild-fire. The fellows had gone to Gran't room after the dance and had awakened him with shouts and cheers. Jim's plan had worked better than he had dreamed it would; the coach himself had found the list of questions for the examination in biology on Grant's desk. The eves of two other boys had seen it at the same time. The room had become instantly silent. Grant had sworn on his word of honor that the questions had not been there when he had gone to bed. But there they were, and no one knew how they came to be there.

Sheila was on her way to chapel when she first heard the news. But she smiled a queer little smile and proceeded on her way. After chapel she went immediately to the Dean's office and told her story. The kind old man listened with wrapt attention, and his eyes opened wide when Sheila produced a small African com with the initials J. R. P. engraved on the back. Everyone knew that only Jim Parker possessed one, which he prized highly and wore as a watch charm.

Sheila left the office and Jim was summoned. War waged heavily behind closed doors for two hours, when a triumphant Dean and a sullen boy came forth. Grant was found in his room, pacing the floor like a caged animal, his face drained of all color. Then another hour passed and Grant immerged from his room in bounds and leaps. Straight to the biology room he went and to the professor in a few words he explained all. A half hour later found him busy with his examination.

That night a group of eager boys waited in Grant's room for him to return. The professor of hislogy had summened him to his study to receive his grade. Suddenly the door burst open and Grant leaped with a shout into the center of the room "Passed," he shouted, "passed!"

.

The day was stingingly cold, not a cloud in the sky, a perfect day for a football game. The bleachers were a mass of color. The score was fourteen all; the spectators were crowding breathlessly torward, and there were on a total more minutes to play. Suddenly a brown clad figure with the precious pigskin under his arm ran the length of the field and made a touchdown! The referee's whistle—and then pandemonium broke loose on one side of the blachers. Stanton had won! Grant had made the winning touchdown. He was carried triumphantly from the field while the air was split with a thousand voices—

"GRANT!

"RAH! RAH! RAH!

"GRANT, GRANT, GRANT,"

But Grant's eyes beheld only one person, a small figure cheering herself hoarse, the girl who had made it possible for Grant to play and Stanton to win—Sheila Lawrence, the Irish Fairy!

FIRE FANCIES

Second Proze Poens By Gretchen Allen

At dusk when the shades are all drawn And the log in the fireplace lit. I like then to bring out my stool And close by the fire to sit. To fathom there in the flames That crack and dance up the flue, Weird stories of knights and kings, And sometimes, of fairies too.

With night drawn all around me
And no one there to know,
I forget, for the moment, my hardships
And my thoughts to the four winds let go.
Sometimes they wander far off
And take me to lands clear astray,
But often they stay right beside me
And together, we brood on the day.

There are times when we visit great gardens
And though snow lavs deep on the ground
Through the fire, we gaze on bright blossoms
That tinkle out fairy sounds.
And though sometimes sad and much varied
'Till I'm old and have turned quite grav.
My thoughts shall ever be carried
By the flames at the close of day.

WINNING THE RACE

By Edna Carlson

The student who wins is the one who works, Who works all right all day, And even though he has bad luck He makes his labors pay.

He's always happy and sings a song
No matter how blue the sky.
And he's always ready to help along
The one who is worried near by.

The one who wins is the willing one
Who determines to reach the top.
And the one who says with a smile on his face.
"I am going to get there—not stop."

The student who wins is the one in the end Who has boosted for school and for class, And the one who says at the "quarterly ball," "Why, surely I knew I would pass."

The one who wins is the one who smiles

And works while the others play,

And even though all things seem to go wrong

He smiles the livelong day.

The team that wins is the one whose ways Are envied by others around. And who for the better and nobler place Will try, if it is to be found.

The one who wins is the one who aims

For a bigger and better place,

Who works with his might for everything right

And keeps the big smile on his face.

THE MOON

I have seen her, a slender silver jewel, Like one that clasps the filmy scarf, About the shoulders of milady.

I have seen her cool, poised; smiling Tenderly upon the little timid waters.

I have seen her timidly gaze Upon the realm of daylight— And slip away heart broken at the sight.

Helen Hutton,

THE PLEA

Honorable Mention

I was twilight in the prairie; a faint breeze stirred the golden reeds and willows that skirted the grassy stretch. It was silent and lonely there—a silence broken only by the dismal wail of the coyote and the sibilant whisperings of the winds. The reeds slowly parted and a bronze figure appeared. It was an Indian war-chief. For a long time he stood gazing towards the west, his stolid figure silhouetted against the dusky cliff. Suddenly a look of hatred and resentment crept over the impassive features of the Indian, as he saw in the far distance a string of prairie schooners winding their way over the grassy plain, halt and then circle around till the tongue of the first wagon nosed the tail board of the last schooner. For one moment he seemed to linger and then quietly vanished in the gloom.

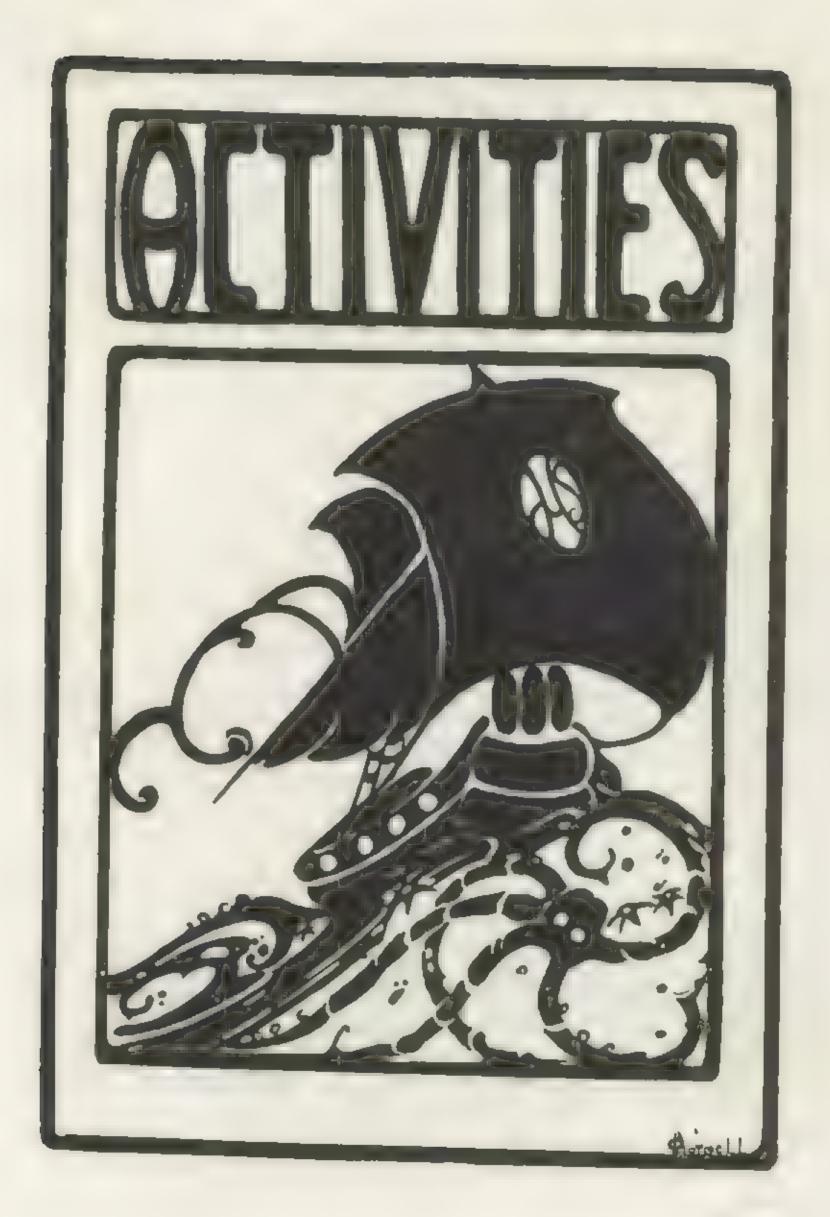

Then a scene drifts before us—a scene of a massacre. A long stream of warriors circle a small group of white canvas-topped wagons. Thin, white puffs of smoke issue from the barrels of the carbines. The Indians are closing in, their oily and half-naked bodies clinging low to the heads of their ponies. Within the protection of the schooners a cluster of white men crouch in the shadow of the wagons and a withering curtain of fire pours from their already heated rifles. Suddenly a rifleman utters a gurgling sound and crumples forward; another follows. The distance between the circling Indians and the whites narrows perciptibly. The air is filled with

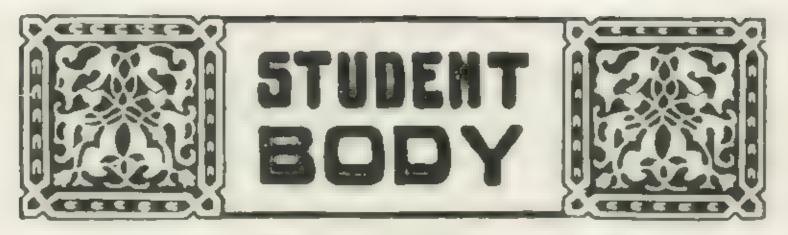

the shrill screaching of the Red-skins.

It is mid-night now. The pallid moon floats wierdly in a ghostly cloak of clouds. White beneath, a charred mass drifts spectre-like in its wake. And far into the night the Indian band rides, but close behind pursues the white man and his civilization.

In time comes reckoning. The Indian is incarcerated within the limited space of the reservation. No longer will the Red-skins ride this vast domain; he is a thing of the past. No longer will they chase the herds of stampeding buffalo. No longer will their ruddy faces glow in the brilliant light of the camp fires, for the white man has conquered. What are they now, these dusty folks of yore? A sculking, degenerated race of misery. What have they done to deserve this fate? Yes, they have resisted the invasion of the white man. The Red-skins were treacherous, brutal. But for more would trust Red, skins at their sifter the agent of the texture stoke than the confinement of the reservations. But no, the white man was kind and merciful. The white man made treaties; he made promises. Is this his promise? The Red-man was the guardian of all this wilderness. Was it, then, wrong for him to defend his country against the overwhelming hordes of the invaders.?

-L. M.

GREATER ALHAMBRA HIGH

ELL, fellow students, now that the end of the present school year is drawing near a behavior as to turn our attention to the exents of the post year. Let

us think over what has been accomplished, and why.

The Student Body has been cleared from debt, and put upon a paying basis; the Spethalt approximant school paper has been established, and stering at detect has brought home the basketball championship of Central and Southern California; our tennis and base-ball teams are leading contenders for league honors; we have won the debating championship of the Central League, and have an excellent chance to take the Southern California championship; and above, and outshadowing these, the new school spirit concerning which Mr. Bettinger spoke at the beginning of the year has developed into the greatest accomplishment of the year. This last fact is testified to by the fact that we have a hundred per cent attendance at games, debates, plays, and rallies.

Why were all these things accomplished? Because we have at last come to the realization that everything can be ecomplished through cooperation. In that one word—cooperation—lies the whole key to the remarkable success. Faculty, students, and Student Body worked together. Space does not permit me to enumerate every instance of the Faculty's cooperation. Needless to say every one of the forty-four members was working every moment of the time for the success of our Student Body.

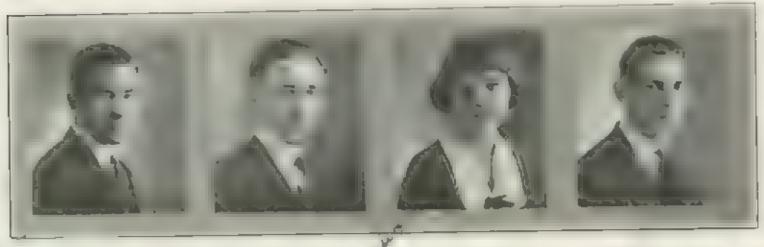

What I'm really trying to get around to is this—although we have had a successful year in our activities as compared with other years, this year has but brought the faint realization of what lies before us through cooperation and fellowship. So it is up to the new being of the student — is at the new tens to a try on the work and to boost and build up until we at last come to The Greater Alhambra High.

So, at the end of a very successful year we still find-

GREATER ALHAMBRA HIGH-STRAIGHT AHEAD.

THE Girls' League has won for itself a definite place in the life of Alhambra High Stool From the day 1 gr, enters is lited in sleas in to to be that she belongs to a closely united group. This group offers manifold opportunities for activity and leadership in girls' work, intellectual, social and athletic, Today our League includes nearly five hundred girls, who have proved that such an organization plays a vital part in school life.

This has been a very prosperous year for the Girls' League, and much has been ecomplished. The most important event of the velocing the Eighth Annual Meeting of Federation of Girls' League of Southern C ofornia which was held at Alhamhra November 18-19, 1921. Two delegates and one teacher attended from over

forty schools of Southern California, and it was a wonderful suc

The first day was spent in social activities. Luncheon was saved in the Garage nasium. In the afternoon an assembly was held in the Auditorium where is start program was given by the girls, a welcome by the Principal, and an address 'I re-Unfinished Pyramid," by Mrs. John C. Urquhart. Following this the visiters were taken for a sight-seeing trip through Alhambra and the old mission in San Gabriel.

At six o'clock a banquet was served in the Woman's Club House, . Following this the Junior Play, "Stop Thief," was presented in the High School Auditorium.

Saturday morning, business sessions were held and various plans for next year were made. At noon a picnic lunch was served in Library Park and then the Convention adjourned.

It has always been the custom of the Girls' League to spread Christmas cheer. In December a candy sale, an enjoyab'e way of taising money, was held to increase the League Christmas fund. This year over thirteen families were made happy by the well filled Christmas boxes.

On March ninth the Girls' League gave a dinner for the Basket Ball tan w'ich

well deserved it this year.

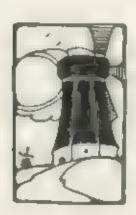

The Annual Party was held March 30. The girls went to the Auditorium where some elever stunts were put on by each class and by the women of the faculty. Refreshments were served in the Gymnasium followed by dancing.

The year's work concluded with a Wednesday Morning Treat given by the girls,

the purpose of which was to help raise funds for next year's work.

The Girls' League has always tried to take part in various kinds of Civic work and in this way has helped to promote a spirit of co-operation between the school and the home. In looking backward over the year's work, the League has a feeling of satisfaction for the things it has accomplished and hopes that next year may be even more profitable and successful and that it may always do its share in promoting the good name of Albambra City High School.

DOROTHY BODINUS, Secretary Girls' League.

HIS year debating started with an earnest enthusiasis which has been muntained throughout the season. Little wonder, then, that we made such a record and placed additional glory upon A. H. S. So great has our debating interest been this year that we found it possible, with our large array of debaters, to enter two leagues. We continued in the Southern California Debating League and reentered the Central League from which we had withdrawn for a year. Miss Walker, our very efficient coach, found it necessary to have an assistant in the debating work this year. So Mr. Green has very capably aided her in the coaching of the Central League debates. Then too, not only have we had a squad of eight active debaters, but a beginning class of over twice that number. Little wonder, then, that we won the Central League Championship, and contest with Inglewood on June 9th for the Southern California Championship, the result of which we regret we cannot enter here.

SOUTHERN CALIFORNIA LEAGUE

On the first Saturday in October, according to custom, the first meeting of the Southern California Debating League was held in Los Angeles. Alhambra was honored by being elected to the presidency of the league. We drew Whittier as our opponents for the first round of debating.

The following Monday, in a special assembly, we held our try-outs. Those participating were Water Zick March Smith Leances Wood Water Carapael, Bower Larimer, Edwin Roodhouse, Shelley Berkebile and Frances Russell. Edwin Rood-

house was awarded first place and Bower Larimer second.

WHITTIFR VS. ALHAMBRA

The boys worked night and day determined to defeat Whittier. So, on the night of November 16th, when Whittier journeyed over here, prepared on the affirmative side of the question, Resolved: That the people of the United States are behind the eighteenth amendment, thy found that Eddie's and Bower's argumentive powers were altogether too much for them. Alhambra scored 200% points to Whittier's 173. This victory put us at the head of the Southern California Debating League.

PASADENA VS. ALHAMBRA

The second debate, in the Southern California Debating League, was held Februray 10th on the question, Resolved: That war among the industrial nations can be abolished during the present century. Alhambra, represented by Walter Campbell and

Edwin Roodhouse, upheld the negative side of this question.

Never before has debating in Alhambra been accompanied by so much enthusiasm and excitement as it was on the night of this debate. In order to accommodate the crowd of Alhambra supporters the debate was held in the gymnasium, which was packed to overflowing, when the chairman opened the contest. From the very first word to the last, everyone was on edge, giving vent to his feelings, only in unrestrained yelling at the close of the arguments of the Alhambra speakers. Realizing the importance of the debate to the school in gaining a place for the championship, Walter and Edwin worked diligently and crowned themselves with glory in this keen battle of wits.

Forty-nine

The decision of the judges, which was 199 to 193, added another victory to A tracker's name and gave as so on a place in the law in what Company and dark place.

COMPTON VS. ALHAMBRA

On Friday, April 21, the third memorable Southern California League debate was as do t Common where All indices devices I would Harmon, and Almer Compact brought her victory by 17 1-3 points. The question debated was, Resolved: That the Schaff was instituded acceptant to home Pewer language and Compton Parley, Albambra having the affirmative side. Both the Albambra and Compton debaters showed splendid ability and presented one of the most polished debates of the season. Albambra's debaters did especially well in rebuttal. This debate placed Albambra at the top of the Southern California Debating League, with Inglewood holding second place. The Southern California Championship therefore lies between the two schools.

In the victory rally Monday following the debate the Southern California debating squad received their A's. Walter Campbell and Edwin Roodhouse were given pearl set pins in recognition of work in four debates and Elwood Harmon a gold A, the emblem of representation in two debates.

CHAMPIONSHIP DEBATE

For the first time in her history Albambra has won the honor of participating in the Championship Debate of the Southern California League. On the 9th of June at the Hollywood High School Auditorium we contend with Inglewood for the championship of the south. Walter Campbell and Edwin Roodhouse, with Elwood Harman as alternate, are to uphold the negative side of the question, Resolved: That the United States should cancel the French War Debt. The boys are working with all their might to win this debate. Indeed the entire student body is backing them to the end—and to victory. Albambra will go to the debate one hundred per cent strong and if enthusiasm, hard work, lovalty, and cooperation can win the debate we will add another victory to the already numerous laurels of Albambra's 1921-1922 record.

CENTRAL LEAGUE

Once more A. H. S. claims a Central League Championship, this time by capturing the 1921-22 debating penant, won by virtue of an undefeated season. These debates were triangular contests, in the first round of which we had an opportunity to debate both sides of the question, Resolved: That the United States government should bear the burden of the unemployment problem.

SOUTH PASADENA VS. ALHAMBRA

On December ninth our affirmative team, consisting of Melvyn Smith and Walter Zick, met S. P. H.'s negative team in the A. H. S. Auditorium. We won the judges' decision, which was 196 2-3 points to 180 1-3. Both Melvyn and Walter put up a splendid fight as the results showed.

CITRUS VS. ALHAMBRA

The following night Frances Russell and Shelley Berkebile debated the negative side of the same question at Citrus and won from them by a comfortable margin of points, the score being 199 1-3 to 174. This put Alhambra at the head of the Central League.

Before the next round of debates was held we had another tryout to select a new deviter. It notes Wood Almin S, och I lucod Hammand Gerald Lumin a part a pated. Elwood was awarded first place and Gerald second.

SOUTH PASADENA VS. ALHAMBRA

Alhambra met South Pasadena in debate, on March 4th, in the second round of debates and won by 5 1-3 points. The question debated was, Resolved: That the proposed California Water and Power Act should be adopted. Alhambra upheld the negative side. Her debaters, Frances Russell and Elwood Harman did excellent work both in constructive argument and in refutation, meeting every point contested.

CITRUS VS. ALHAMBRA

The decisive debate for the Championship of the Central League was held on March 17th at Citrus. We upheld the affirmative side of the same question debated the previous week. Again the striking delivery and logical arguments, that characterizes Albambra's debaters, came to the fore. Shelley and Melvyn literally "walked away" with the decision, winning by 28 points.

Alhambra now had won every debate in the Central League and so was thereby entitled to the Central League Championship. The student body was presented the Championship banner by the Central League squad. At the same time Melvyn Smith, Frances Russell and Shelley Berkebile received their gold A's in recognition of their service to the school.

INTER-CLASS DEBATE

East year the custom of an annual inter-class debate between Sophomores and Freshman was founded in order to stimulate an interest in debating among those stimulate. So on February 3rd, in assembly, the Freshmen and Sophomore teams met and debated the question, Resolved: That Albambra High School should establish a unit of the R. O. T. C. The Sophomores represented by Helen Miller and Jay Grensted, upheld the negtive. Ray Gardner and Laurence White, the Freshman team, debated on the affirmative side. The decision resulted in a victory for the last men who won by 1-3 of a point, the final score being 193-1-3 to 193. Everyone recognizes that this early training will have much to do with the future success of our debating teams. The Sophomores were indebted to Bower Larimer for their coaching, while the Freshmen were coached by Mr. Green.

hijty-one

The stage has been improved and new equipment provided, making it possible to give better and more finished productions. All who have worked in the department realize that these new attainments are largely the result of the untiring efforts of Miss Gootykoontz who has worked so diligently for the advancement of the department.

To the art department, and particularly to Miss Bainbridge, we wish to express our appreciaton for the valuable assistance in the designing of stage setting and in the preparation of artistic posters for advertising purposes. The splendid cooperation of Mr. Catto and a group of boys in the Manual Training Department made possible certain difficult settings which otherwise we would have been forced to omit. We truly appreciate their assistance. Nor would our plays have been such a success without Miss Shropshire's musical programs. The Sewing Department has also aided us by making the costumes for some of our plays, thus helping to cut down

A very interesting experiment has been tried out in the advanced Dramatics class and is proving very successful. The art of directing has been placed in the hands of the class, each member being required to select a one act play, presenting the finished production on a set date. The experiment has been a great satisfaction to the class and also to our visitors.

One of the aims of the course is to educate an intelligent, appreciative, and discriminative play-going public. With that end in view, many good plays have been read and discussed in class and students have been encouraged to attend the Shake speare productions of Mr. Mantell and Mr. Hampton, plays given by other High Schools, and several plays presented by the Pasadena Community Players. We feel that a deep and sincere love for good drama has been developed by means of this work, and we who go out this year shall watch with interest the continuation of the work

FOUR ONE-ACT PLAYS

under the direction of Miss Goodykoontz. The first of the plays presented was "Where But in America," by Oscar M. Wolff, with Fred Houser, Nenetzen Scullin, and Tena Hampe in the respective roles of husband, wife, maid. The second was a miniature fantasy by Alfred Grumburg, "Lima Beans," with Sam Abrahamson and Lorine Cederquist as two newlyweds, and Warren Hooper as an Italian huckster. "The Man on the Kerb," Alfred Sutro's tense little tragedy of unemployment in London, was also given, in which Warren Hooper and Mildred Goudge played the tragic parts of Joseph Matthews and his wife. The fourth play was "Mrs. Pat and the Law," a dramatic episode with artistic blending of humor

costume expenses,

CAND OF FOUR ONE-ACT PLAYS

and pathos, by Mary Aldes. The parts of Pat O'Flarity, Mrs. Pat, Miss Carrol, Jimmie and the Policeman were taken by John Allen, Eleanor Friend, Mildred Goudge, Robert Allan, and Fred Houser.

These plays proved to be a splendid success and will live long in the memory of

those who saw them.

FACULTY VAUDEVILLE

N December the Faculty of A. H. S. presented for the benefit of the student body funds a vaudeville of humor and wit. There were many stunts, such as songs, dances, jokes and a one-actp lay, "Suppressed Desires." All parts were played by members of the Faculty. A great commotion was created when some of our dignified teachers, including Mr. Routt, came out in the stunt called Jazz Babies.

The evening proved to be a rollicing success and we wish to thank the Faculty

for the generous fund which was contributed to the student body.

SCENE FROM SENIOR PLAY

A BACHELOR'S ROMANCE

SENIOR CLASS PLAY

THE Senior class of '22 presented "A Bachelor's Romance," tour act comedy drama, by Martha Morton, on April 5, 6, and 7. The class should be congratulated for presenting this entertaining drama of humor and pathos so professionally and we should not neglect to nept in the truting given them y Mass Goodykoontz, the coach, whose work made the play so successful.

Harold Coops distinguished himself in the role of David Holmes, an absent minded man of forty, who fell in love, as did the whole audience, with his sixteen year old worl. Carolyn Johnson who was the sweetest and most on the lending the weather were of George McDoneaga, Mildeed Condge, and Lou Reit will anglive a the minds of their who say the part for it was unusually well done.

In fact, all of the characters were so well portrayed that it is with regret that we annot speak of each one individually. The standard set by the class this year will be a difficult one for the oncoming classes to surpass.

JUNIOR PLAY CAST

STOP THIEF JUNIOR CLASS PLAY

III Jonor as sepresented "Stop Thief," a live and amusing comedy. The administration in a continuous roar of hilarious laughter throughout the play. The characters did not seem to be quiet a minute, one exciting thing after another keeping them continually on the jump. Between the many tense moments, when one was sure the thief would be caught, the consternation of the young bridegroom, and the humorous absent mindedness of the father, the audience was thoroughly entertained. One could not help but recognize the dramatic talent of Warren Hooper, who portraved the character of the thief. Each member of the list in fact, did exceptionally well and the play augers well for what the class may accomplish next year. Much credit is due to Miss Walker, who directed the play and through whose efforts it was possible to produce such a finished piece of work so early in the year.

AS YOU LIKE IT

THE SHAKESPEARE FESTIVAL

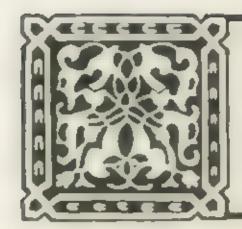

of Southern California was held this year on April 27 at Philharmonic Auditorium and was even a greater success than last year. Twenty schools presented scenes, and almost as many more furnished musical numbers. Alhambra's contribution was scene I, Act IV, of "As You Like It," with Dorothy Welch '23 as Rosalind, Evelyn Bennett '22 as Celia, John Allen '22 as Orlando, and Joel Reget '23 as Jacques. Miss Goodykoontz directed the scene. While our number of players was small in comparison with those of most other schools, the quality of work was admirable and reflected credit on A. H. S.

The evening performance was well attended by Alhambrans who were most enthusiastic in their praise of the splendid work done by the various schools.

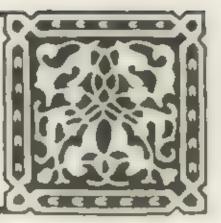

"Sweet are the uses of adversity.
Which, like the toad, ugly and venomous,
Wears yet a precious jewel in his head:
And this our life, exempt from public haunt,
Finds tongues in trees, books in the running brooks,
Sermons in stones and good in everything."

"All the world's a stage.

And all the men and women merely players:
They have their exits and their entrances;
And one man in his time plays many parts,
His acts being seven ages."

MUSIC

1 SIC te, nong sembre petent in trement than investor or as letter and learness find their way into the invest place of the soil on which they mightily fasten."—Plato.

Music in Alhambra High School this year has been more successful than ever before in the history of the school. No doubt this fact may be attributed to the growth in the department and to the untiring efforts of its director. Miss Shropshire. The Music Department is divided into many branches which all do their part to build up the work. The Orchestra, Band, Glee Clubs and Chorus are probably the best known of the activities but they are not necessarily the most instructive for there

are also classes in Harmony, Music History, and Appreciation.

Perhaps the most interesting and entertaining feature of our Music Department is the fact that it has made it possible for the entire student body, and the community, too, in many instances, to hear some of the very best artists in Southern California. These treats, which we call our Wednesday Treats, were established several velors ago by Miss Shropshire but were discontinued for a time because the school program seemed too full. We were happy to have our assembly periods so arranged this year that the programs could again be presented to the school and everyone agrees that the rare privilege which has been ours is one for which we should be truly grateful.

The Wednesday treats during the year were as follows:

t. Musical Program by Mr. Routt, Mos Shropshire, and Mr. Kellogg

2. Ann Thompson, Planist and Reader.

- 3. Mrs. L. J. Selby, Contralto.
- 4. Mr. Hullinger, Flutist, assisted by Miss Shropshire and Mr. Kellogg.
- 5. Marie Bashian, Armenian songstress Stearns Trio: Violin, Cello, Piano.

Western Jubilee Singers, Mr. Frederick Warde,

6 Le Trio Intime: Jay Plowe, Flute; Ilva Bronson, Cello; Alfred Gastner, Ilva

10. Mr. A. Kachel-"The Melting Pot

11. Mos Marian Nicholson, Violinist, accompanied by Mr. Kellogg.

12. Miss Eather Tobler, Violinist, accompanied by Mr. Kellogg.

13. Mr. Ford, Scientist

14. C. W. Cadman, Composer and Musician, with Miss Shropshire, Soloist.

15. California College of Technology Glee Club

16. Alex. Simonsen, Cello, and Winifred Hooke, Concert Pianist and Accompanist.

The Music Department has not only given us the opportunity of hearing these splendid artists but it has proved its loyalty and cooperation by the financial assistance it has given to many of the school activities during the year. It will be of interest to everyone, we are sure, to know what has been done and therefore the following account is given. It is a splendid record and the department has the appreciation of the entire student body.

Student Body paid from concert by Mr. Routt and Miss Shropshire \$83	8.00

THE BAND

The High School Band, which was organized early in the year, has admirably served the two-fold purpose of giving to the students an excellent training in instrumental music and of providing appropriate music for many assemblies and other school occasions, including playing for the circus, held May 4th and 5th. Members of the hard are Lorin Currol Marke Carrol, Kenneth Catton British Confidented Distant Arthur Lox Matton Catton Kenneth Howett Loop Hold Romett Hurror Beyon Lorinson Royal For Reserve Catton Catton Robert Riddle, Lloyd Rogers, James Rohn, Robert Temple, Robert Stein.

The Girls' Glee Club has worked faithfully since last September, and their meetings have been very profitable. They rendered some excellent numbers at the Annual Music Concert and have also sung for many assemblies. Considering all things, they have had a most successful year. The Girls' Glee Club members are: him Annual Music Finn Buly Helen Bankin Astrone Becker of Max Balton, Maximum Blank Annual Helen Bankin Astrone Becker of Max Balton, Maximum Blank Annual Guide Bankins Constant Constant Constant Constant Annual Constant C

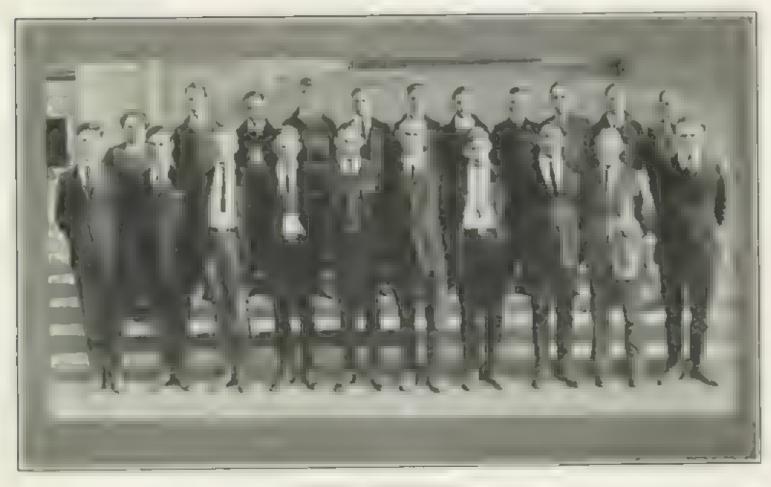

Louise Stone, Vivian Tucker, Winifred Wilson, Frances Wood.

The Boys' Glee Club should also be complimented for their splendid success. They have worked hard and patiently all year and have accomplished some exceptionally the work. They sing at the Vinne Williams of next and be appeared many time in assemblies. Their group is composed of Stanley Atwood, Bert Bjurman, Maurice Carroll, Walter Doehrman, Ray Gardner, Alfred Gitleson, Ronald Hurley, Leslie Immel, Howard Jewett, George Lane, Wesley Lofton, Raymond Wills Joel Reger Robert Raggles Kenneth Shates Von Sport Robert Stratog, Merrill Thompson, Eugene Waddle, Lawrence White, Paul Williams, Milton Gitleson.

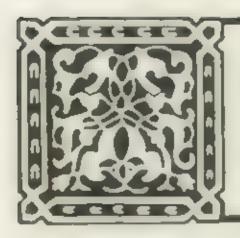

It is to be hoped that in the future years the school will continue to maintain the high standards and exceptional merit attained by this year's musical organizations.

GIREN GIFE CLUB

BOYS GITT CITB

PUBLICATIONS

While I group of students on s to that stage of development where their activities are as many and varied as they are in a modern high school, it is but natural that they should wish to have an accurate and tangible record of their accomplishments, not only for their own enjoyment, but also to show others what they have done. It is therefore a great satisfaction to see journalism an important activity in Alhambra High, and to see the strides it has taken in the past year. The Alhambran is on a secure footing and The Spotlight, our weekly paper, has become a reality. It is our goal, and we hope to reach it soon, to have a well equipped print shop of our own, where much of our printing can be done. To this end, all profit from any journalistic enterprise is being saved and we are only hoping that the profits will be sufficient to secure the print shop by the end of next year.

THE ALHAMBRAN

The American has just started on its circumster of this been made possible only by the new and united enthusiasm of the student body, together with the willing aid and capable assistance of the faculty. This year our faculty advisor, Miss Martin, has devoted her time and energy toward making The Alhambran a success. Moreover we owe much to Miss Bainbridge who has willingly assisted us in the art work.

Between the covers of the book, the staff has endeavored to give as complete a record of the year's work and pleasure as space will allow. We have put our best efforts into it desiring to give the student body a book that each member will treasure. We have aimed to meet and surpass, if possible, the standard of last year's annual, in order that each Alhambran may be better than the one before.

As we see the book ready for press, we realize that there are things that might have been done differently; we see where it could perhaps be improved, but we ask you to overlook its weaknesses for "to err is human." It represents a sincere effort on the part of each member of the staff to do his best, the true spirit of Alhambra High.

THE SPOTLIGHT

A S a stream flows on in its course it encounters aids and obstacles. Creeks and stream its join it to make a stream agent and hatter. Will too at lot these streams that join it, obstacles are overcome more easily; logs are swept aside was less difficulty, while rough rocks and rapids are passed over more smoothly.

Thus it is with a high school as it follows its course through Time, growing I get and encountering both obstacles and this the course of nearly every high school leads to the recent where it is remed by the School Newspaper stream in a upor tant tributary that contributes a great deal towards making the river of School Life stronger, began more for etherough two near smooth y over the rough places.

We are thankful that the course of A. H. S. has at last been joined by one of these below. I streams and we should de everything we can to help this stream flow smoothly and become larger, by clearing its course of all hindrances. By doing this we will cook it to become a still greater aid.

Now that we have a school paper, although one that can of course be improved, the desir bility of continuing to have one needs not be quest ened. The Spoth, at his been well supported by the student body is a whole and by the classes individually

SPOTLIGHT STAFF

It is however, not as much of a student body activity as it should be, it being practically the work of the English Department. This can be remedied if everyone will take a greater interest in it and contribute articles, jokes and editorials. The paper should not only be for the Student Body, but of it as well; and your interest and help alone can make it that.

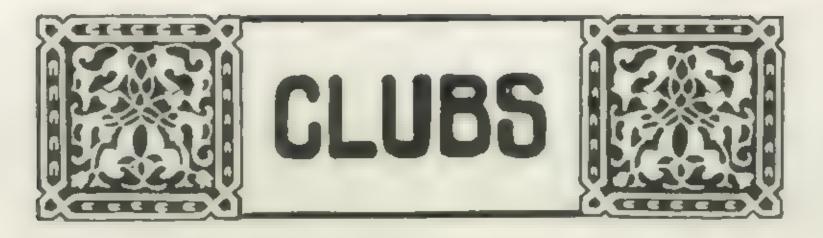

Besides the satisfaction of having one of the best of high school papers there is another reason why we should boost the Spotlight. That reason is that that paper is the sole medium by which scores of high schools and a few universities judge A. H. S. Through the exchange list, rays from the Spotlight find their way to high schools near and far in California, as well as in other states, in the north, the east and southwest; and a lonely one crosses the ocean each week to Hawaii. So in the future, for this and many other reasons let's make the Spotlight as bright as possible, a shining light in school life.

CLARENCE WEST Editor.

To start something new and make it a success is not an easy thing to do, so we feel that the staff of the Spotlight deserves high praise. Fred Houser, the first editor, did much to make the paper what it is, and too much cannot be said of the time and assistant of Mrs. Richardson and Mr. Ritter. In order that the newspaper work may go on at the beginning of the fall term with as little interruption as possible, the new editor, Clarence West, has been put in charge during the last quarter.

SCHOLARSHIP SOCIETY

A LHAMBRA City High School is Chapter 21 of the California Scholarship Federation. In October, 1921, twenty high schools of the state met in Los Angeles and by uniting the honor societies of their schools formed this state organization. Alhambra has had an Honor Roll for a number of years, but until now no definite scholarship society has been established.

The purpose of the scholarship society is to encourage and promote higher ideals of character and scholarship and to work with united efforts for the interest and

honor of Alhambra High School

Membership to the society is based upon scholarship and character. Eligibility as to scholarship is determined by the grades of the preceding semester. A student must carry at least four units and receive "1" in each of three units, and have no grade for the semester work below "2." Seniors carrying less than four units who are completing their course in less than eight semesters must have "1" in three units of work. Students from other high schools who meet these requirements are eligible.

Members of the society are entitled to wear the emblem conferred upon them by the Student Body, whose property it is until permanent possession has been earned at graduation by holding a place on the roll for four preceding semesters, but it must be surrendered whenever membership in the society is forfeited. Senior members upon graduation, receive the seal of the California Scholarship Federation upon their diplomas, providing they have maintained membership in the society for six semesters for four-year graduates, five semesters for three and a half year graduates, four semesters for three year graduates.

There is another very important side to this organization—its social activities. During the Christmas holidays the Annual Banquet of the Scholarship Federation was held at Pasadena High School. Two student representatives and a faculty member from each school were present. Our representatives were Carol Morse, Irvine Nye, and Miss McDill. Moreover, as a reward for this excellent scholarship the members are entitled to a half holiday each year, and Alhambra's group plans to have

a half day vacation for a luke or party.

The others of this chapter of the Federation are: Acting President, Elwood Harmon, Secretary, Lorine Cederquist; Treasurer, Nelson David. The present members are: Seniora—Lizabeth Allen, Beatrice Atchley, Ruby Bickford, Walter Campbell, Lorine Cederquist, Harold Coops, Hallie Cosand, Eleanor Friend, Paula Gillett, Louise Goodson, Mildred Goudge, Fred Houser, Wimfred Johnson, Kathleen Keith, Gertrude Mincke, Carol Morse, Blanche Prickett, I linora Peters, Tom Reid, Louise Stone, Etbelyn Stafford, Mildred Wynne, Juniora—Mildred Alles, Gladys Anderson, Leonore Basaker, Asthore Berkebile, Nelson David, Ruby Harta a Lillie Hemenway, Helen Hutton, Thelma Peters, Stabley Rex, Frances Russell, Edith Schoon over, Vivian Smyser, Adrienne Zick. Sophomores—Mary Barstow, Marian Blair, Alice Bradhury, June Eaton, Mary Eckert, Nancy Farmer, William Farris, Henry Fuhrman, Carol Fulton, Helen Gift, Rubert Gillett, Eloise Gilstrap, Freda Halwe, Elwood Harmon, Gratia Hauskins, Frances Hemenway, Esther Jackley, Mildred Jones, Mary Louise Jordan, Lillian Kahn, Eleanor Maronde, Wallace McMillan, Margaret Marty, Douglas Kingman, Kenneth Kingman, Jean Krause, Eleanor Patten, Mildred Rex, Clifford Ritter, Geneice Rowland, Carroll Sig a Bonnibel Sanford, Vera Schroeder, Grace Transau, Merrill Tucker, Ruth Warford, Vilg

White, Geo. Weiseman, Winifred Wilson, Francis Wyandt. Freshmen—Charlotte Aisenprice Jean Alberta Bailey, Dorothy Barr, Howard Bell, Wayne Carothers, Mildred Costello, Gladys Craft, Marjorie Dickson, Warren Doty, Hardy Gramatky, Robert Harris, Leland Mills, Rossie Squire, Ruth Stathem, Barbara Stratton, Aimee Woods

THE BIG A CLUB

THE Big 'A is as the name in heates in organization of the follows in A 11 S who have won letters in major athletics. It has been the purpose of the club to interest more students in all branches of athletics, as well as to perform such duties as superintending rallies, taking care of gates and policing grounds at games, and in giver blood must ling in its power to to the taking of the school. Above all, the Big "A" Club stands for clean sportsmanship and the highest of ideals.

It is the intention of the club to give one dance each year. This year the dance was a big success in every way, and every one who attended will always remember the excellent music that was provided. There was a good crowd and a good time was

enjoyed by all.

lows: President, Secretary, Treasurer, Historian, Chairman of Rally and Games Committee, and Chairman of Social Committee. This year's officers are in the order given: Fred Houser, Clarence West, Jack Rhoades, Richard Geer, Wayne Feldmiller, William Caffey.

The members are as follows; Geer, Smoot, Jones, Rhoades, Wallace, Campbell, Hamm, Welch, Caffrey, Stein, Feldmiller, Rex, Mata, Balling, Fox, David, Nye, Ritter, Shutts, Rembao, Quick, Carroll, Wilhelm, Larimer, Smithers, Bjurman, West, Lane, Porter, Rees, C. Riddle, G. Riddle, F. Houser, R. Houser, Abrahamson, Behlow, Seibel and Rogers. Also the Alumni are members of the Big "A" Club, and enjoy the privileges of acting members, except that of voting.

PRESS CLUB

F all the many new organizations that have come into existence in Alhambra this year the Press Chabes, and the value set, and though the series and half what it hopes to accomplish, it has at least been started on its career and bids fair to be a potent factor in our list of activities next year. The purpose, as the name implies, is to stimulate an interest in journalism and to fill the need felt by many for a regular course in journalism in our school curriculum. Many of our students intend to take up the profession of journalism after leaving school, but at present our over crowded conditions have made it impossible for the English Department to give a course of study in that work. Therefore the students who were most interested in this work urged the organization of the Press Club.

Its membership is composed of students on the staff of the Annual and Spotlight. Membership is extended to others who have contributed articles to either the Spotlight

or Annual provided they are voted upon and accepted as members of the club,

Meetings are held once a month. At one meeting, Mr. Tappin, an eastern newspaper man talked upon his experiences on New York papers, and his association with Mr. Jacob Riis, who was doing so much work in the newspaper in order to better slum conditions. He also spoke of the advantages and disadvantages of journalism as a profession.

One of the plans of the club is to visit a printing and engraving shop to see the plausibility of establishing our own print shop as well as to see how the printing and

engraving for books and newspapers is done.

The present officers are President, Walter Campbell; Vice President, Carol Morse; Secretary, Edwin Woods; Treasurer, Dorothy Bean; Teller, Harold Coops.

LATIN CLUB

In the pell mell rush of the modern age and our interest in everything that is new an I ving the student is apt to lose sight of the fact that centures ago there existed a civilization of culture and intellect equal in many respects to our own. At least, there had during these early years a people whose ideas and standards of patricts in loyalty, and culture, as well as artistic temperament, hold many a lesson for the modern generation. It is only through their literature that we can catch a glimpse of the early Greek and Roman achievements, and it has been with the purpose of making the best that is to be found in Roman late once more something tive and real that the Latin Club has been formed. It is a new venture and those who have had part to the project feel assared that it is an interesting undertaking and will prosper under its able director, who is Miss McDill, the very capable and resourceful Latin teacher of Albambra High School.

The organization of the Club is like that of the Roman State. The advanced students are the patricians or office-holding class. From these officers have been elected. Censuts, Admenne Zick and Rivmond Valls, Quiestors, Pauli Cullett in I Alice Bennett, And its I red of Howe Vivian Smyser. I beling Peters and John Costello. The consuls preside over the meetings, the quaestors are treasurers, and the

aediles have charge of entertainments.

The meetings are held once a month in the music room and are attended by those of the upper classes who are now studying Latin, and former students of the language. The first part of the program is devoted to papers and discussions on Roman are and customs. After this Roman games are played especially those in which the Latin language plays a large part.

This year the Club gave a banquet; all who attended were in costume. Only the food and customs of the Romans were permitted. The banquet was served by "Slaves" as in Roman times. The tables and seating arrangement were carried out

LATIN CLUB

according to the traditions of ancient Rome and made one feel as if he were living

in the golden age of long ago.

Later the Latin Club intends to present the film of Julius Caesar and with the proceeds present, next year, a Roman play. Latin Clubs in other high schools have done this and have been very successful. In this way the Latin Club believes it was be realizing its purpose. So here's to the Latin Club—May it always prosper!

HI-Y CLUB

HE Hi Y Club is a nation wide, in fact, a world wide organization for boys of high school age. The purpose of this organization is to create, maintain and extend through the school and community high standards of christian character. The slogan of the Hi-Y Club which is clean living, clean speech, clean athletics clean scholarship and contagious christian characters, expresses in brief the full purpose of the organization.

In the time that this organization has been functioning throughout Southern Californ in this come a great deal to stitudate a more trien by feeling among schools by getting students together at conferences and conventions where discussions on current high school problems and of mutual interest are held. Regular meetings are held during the year and many interesting speakers are brought to the members.

Many of the leading students in school activities are members of the Hi-Y Club, since it stands for the highest ideals in sportsmanship and service. The members of

the Alhambra group are as follows:

Walter Campbell, President; Clifford Ritter, Vice President; Irvine Nye, Treasurer; Edwin Woods, Secretary; Alvin Balling, Paul Bishop, Berlin Ewers, Clarence Light Rayn and VI. Is Adrian Spoon, Avin Spoon, Howard Wiles Clarence Woods Nelson David, Fred Carruthers, Warren Hooper, Coach Downing—Leader.

OUR FIELD

Oh, that dear old field of the spring time,
That dear old field of the fall;
When it held a happy, cheering crowd
With the songs of the Blue and Gold sung loud—
Then we loved it best of all.

On a clear, cold day in winter

Two dusty teams fought there;

Twas a hard-fought battle for the Blue and Gold,

For the enemy's line seemed always to hold;

But we fought; and we played the game square.

Came a lull—and the turf was uncared for;
And the wind blew the goal-posts down;
But a bonfire was lit there, one starry night,
And we gathered around all the flames so bright
With cheers heard throughout the town.

Then came spring with its runners and jumpers,
With its hurdlers and putters of shot;
But spring soon passed on; came the boys in gray
With their slim bats and mitts; in baseball to play
When the heat rose in waves so hot.

Now all is deserted, and barren, and brown,
For the summer months have come;
But we love you, old field, we'll love you through all
And soon there'll be busy days in the fall
When your duties will again have begun.

Flizabeth Stein.

ATHLETICS

FOOTBALL

THROUGHOUT the pages of the Albambran the staff has endeavored to make the book in accurate record of the verts events. The same policy has been maintained in our Athletic Department, and we shall make no attempt to a mould go our defeats or to record only an electricis. It make we have no charp on superiorities between to hing with our electrished troplies and there are takes who are needs sary, for there are some things that outweigh defeat. The school that is represented by a term of it is not provided by a term of it is not account to the given had make account to the end of swing to the constraint and verificities are plays a clean game, and she will win.

Coaches Ranker and Downing worked hard throughout the season and so did the term O is given to need a strong second team, because no pennant can be won without some real competition. Remember this, fellows, and get out in a suit; put your shoulder under the load and push for

victory.

To Dick Geer we would say,—we are proud to have had you Captain of the term. Plained dengine block places placing a large are weeking against a last a large. Dick based for variety. We are proud it in glad to back had a

here, and sorry to have him leave.

Those who played on the team are Edward Poschin, Joseph Hamm, Richard Ger and Warre Fills filler and Bib Stein to kle Stimm Rev and Sin You in great Water Complete center Jack Rivers quarterbick. Kentul Scrott Edward Jones and Ted Mata, halfback, Jackley Wallace, fullback.

THE GAMES

ALHAMBRA VS. GLENDALE

A. H. S. played two games with Glendale, the first one on their field. Later it was found that a circling to a new to, my both scoods I id used menganic men so the game was played over on our own field. The team was determined to turn the tide at this game at a turning the first hart ending in 0 of we's warrant to be 1. The line seemed to be holding action and the Bree, had Gold was warrant quip, but Chanding recovered too early in the second half and the whistle blew at the close of a 14-0 score; their second touchdown was made in the last two minutes of play,

ALHAMBRA VS. FRANKLIN AT ALHAMBRA

The third game of the season seemed but a repetition of the others. Our team could not seem to held tack the ontries and brinking won with seem of 1900 lank in was fortunate in having a good drop kicker who be sed to pite up their score.

Seventy

FOOTBALL TEAM

ALHAMBRA VS. MONROVIA AT ALHAMBRA

On November 4th Alhambra played the league-leading Monrovia team on our own grounds. Monrovia won, 49-0, but it was no disgrace to have been defeated by such a team, for the team work of the Shaw brothers is something to be reckoned with. Our fellows fought like wildcats and deserve a great deal of praise for holding Monrovia to as close a score as they did.

ALHAMBRA VS. CITRUS AT CITRUS

The least said about the Citrus game the better because Citrus played head and shoulders above her previous games and Alhambra did not seem to have recovered from the week before, as Citrus piled up the score of 63-0.

ALHAMBRA VS. COVINA AT COVINA

The list game of the season sert in varightened the facts illication. The Blacand Gold made its first touchdown in two seasons and came within one point of winning the Covina game. Kendall Smoot crossed the line with the ball for a touchdown, but the goal was not converted. Covina made one touchdown and converted the goal. Score 7-6.

130-POUND FOOTBALL TEAM

The 130 pound team had a fair season. It won from Franklin and lost to South Pasadena, Glendale, and Covina. . Several good players were developed for next year's first team. Some of these were Cliff Ritter, Ted Burton, West, Steinwehr, Art Fox, Kingman, and Yamagata. Captain Rohn made the only touch-down of the 130 pound season in the Franklin game.

Those who played on the 130 pound team were: Captain Rohn, quarterback; Cliff Ritter, Ted Burton, John Allen, Sam Abrahamson and Elwood Harmon in the backfield; Clarence West, Fred Bowers, and Orlo Gleason, ends; Douglas Kingman, center; Rex Steinwehr, Art Fox, tackles; Yamagata, Edward Fries, Howard Willis and Harry Kendrich, guards.

BASKET BALL

Basket Ball team in California. The championships of Southern and Central California, won by virtue of nineteen victories and no defeats, and the loss of the state chamiponship by only two points made in five minutes of extra time allowed to play off a tie is a record that we shall always be proud of. All glory and praise to the team, to the coach, and to the squad of untiring second team men, whose united efforts helped make this record possible. Never before has Alhambra had such a team; never before has a Central League Basket Ball team played in the state championship play-off series. And, as if to make our triumph complete, we have additional reason to be proud of the team because of their excellent scholarship. True sportsmen, hard fighters, splendid students, dandy fellows—all of them—such is our team!

THE GAMES

CITRUS VS. ALHAMBRA

After a successful series of practice games, including a victory over San Diego, Alhambra entered the Central League games in the best of condition. Citrus was our first opponent. The game was a fight from the start, with both teams determined to win. The battle raged the whole first half, ending with Citrus in the lead by the score of 17-15. In the second half our team was warmed up and going in splendid shape. Nelson, Fox, and Nye were shooting in their usual way, while Campbell and Balling were showing some real guarding. Citrus made only one basket the last half and as a result the game ended with a first some of 19 for Citrus and 38 for Alhambra.

SOUTH PASADENA VS. ALHAMBRA

Our basket ball team went over to South Pasadena and wiped out the sting of the football season by defeating the South Pasadena aggregation by a score of 20-8. The game was played on an outside court, which slowed our fellows down a bit at first, but the Blue and Gold Flyiers showed their real fighting spirit and carried away the honors in spite of the handicap. The team had splendid support from the student body which cheered rapturously every time we scored. Little did they know that early in the season what splendid work that team was going to do or how much excitement there was to be.

GLENDALE VS. ALHAMBRA

With the first whistle Alhambra started to lead against Glendale and continued to play circles around her opponent during the entire game. Nelson, Nye, and Fox shot from all angles of the court. From Glendale's end of the score we may clearly see there was some eccllent guarding on the part of Campbell, Mata, and Balling. Goertz, a former student of A. H. S., started for Glendale. The game ended with another victory for Alhambra, the score being 47-20.

FRANKLIN VS. ALHAMBRA

After a rest of nearly two weeks the team went to Franklin and defeated the home team 25-16. This made the team's twelfth straight victory without a defeat and put Alhambra one notch closer to the league championship.

Seventy-two

SOUTHERN CALIFORNIA BASKET BALL CHAMPIONS

Seventy-three

MONROVIA VS. ALHAMBRA

In the closest and most exciting game of the season the High Flyers einched the pennant by winning from Monrovia on the latter's own court. The rain certainly did not dampen the spirits of the players or rooters and Alhambra walked off with the hardest game in the league series with a score of 28-15. The five man defence perfected by Mr. Downing kept Monrovia from scoring well. In the first half our forwards and center made 18 points while Monrovia scored 8. In the last half the team played defensive basketball and made 10 points to Monrovia's 7.

COVINA VS. ALHAMBRA

After einching the championship our team made it unanimous by defeating Covina in our gym 42-25. The Covina team put up a better game than was expected of them. We text their state forward in kind several spended shots from long range, but nothing could stop the rush of the Flyers.

BASKET BALL SEMIFINALS GARDENA VS. ALHAMBRA

Gardena, 16; A. H. S., 33

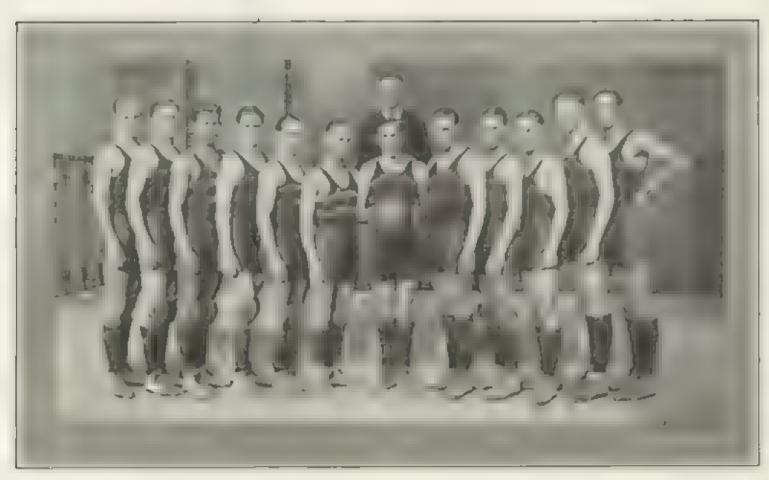

By virtue of the Central League Championship, Alhambra entered the series for the Section Central and State trace. In the first game the High Hyers won too Gardena. The game was played on Franklin's outdoor court. Gardena started off by making the first two baskets. We soon caught up with them, however, and the first half ended at eight all. It looked as if we were in for a close game, but our scoring machine got started in the second half, and we walked away from them, in king 15 points in that short time while the in state Gardena, was sen, decrear was another 8. Fox and the forwards—David, Ritter, and Nye, did the scoring. Fox alone made more points than the whole Gardena team. A word must also be said about the guards. Gardena had a good forward, but Mata and Campbell were better and prevented the Gardena forwards from making too many points.

VENTURA VS. ALHAMBRA Ventura, 20; A. H. S., 31

Our second game in the play off was played at Ventura and though some distance from home the team was greeted by a hundred or more loyal rooters as they came onto the floor. Before our players knew it, Ventura had run up a score of 10 to 5. It did not take long for Microscretor to be admittable excellent shorting of David New Retter on the least transplayed fine basketball. Ventura's center starred for his team, while our whole team worked splendidly and brought home another victory.

MANUAL ARTS VS. ALHAMBRA Manual Arts, 28; A. H. S., 33

The "Villagers," as our city friends termed us, won the best game of the season from the first city disciplines. If may a visual gave us a crime to meet believed in the mails for the Southern Culiforn, it disappoints to the Los Angeles papers, it can term was "cast pickings" as idvertised by one of the Los Angeles papers, In the first half we piled up a 21-8 lead, while Manual's team stood around wondering when the cast pickings were coming. Our forwards and center cortainly showed the cast upon slap culter of which they were made by the rescellent pass work and shooting. Our guards were able to take it fairly easy in the first half, but had their work cut out for them in the last half, when Manual recovered from

BASKET BALL SQUAD

her surprise and made a sharp rally. Miller, their star forward, did most of their shooting by making over 20 of their 28 points.

FULLERTON VS. ALHAMBRA Fullerton, 16; A. H. S., 19

Alhambra hardly had time to calm down after the excitement of the Manual victory before she again turned out hundreds strong to witness the game with Fullerton at Montebello, the result of which determined the Southern California title. Although the game was played on a dirt court, there was some fast playing done by both teams. In fact it was a hard fought game and a good exhibition of football on a basketball court. Mata played a wonderful game as guard, being here, there and everywhere. Campbell was right on the job too. Nye, Ritter, and Nelson were piling up the points in their usual way, while Fox played a fine game in spite of the fact that he was followed very closely by two or three of the Fullerton giants. Although our players were outweighed they came out on the big end of the score, but Fullerton certainly put up a good fight. This victory gave Alhambra the Southern California Championship in Basket Ball. No wonder a victory bonfire clluminated the city of Alhambra that night.

TULARE VS. ALHAMBRA Tulare, 9; A. H. S., 13

The Blue and Gold team met Tulare, the winners of the Central California title, in the U. S. C. gymnasium and defeated them in one of the hardest fought games ever witnessed in the south. Both teams showed excellent defensive work and made it necessary to take long distance shots or none. Of these David made several. And speaking of defense,—Tulare, or any team which has played Alhambra, will agree that Mata and Campbell are two of the best guards to be found in the state. The game was full of excitement in spite of little scoring. Tulare only made two field baskets and Alhambra five; the other points were made by fouls, of which

there seemed to be plenty on both teams. In this game Alhambra was outweighed considerably, but by clean fighting and consistent team work brought home the nineteenth victory.

STOCKTON VS. ALHAVIBRA

Stockton, 22; A. H. S., 20

It was a mighty fine game, full of hard fighting for the team and excite nent for the rooters. Long before time for the game to begin the U. S. C. gym was packed to capacity by loyal supporters of the Blue and Gold and every heart beat loudly because the State Championship was at stake. Both teams came on to the field and the game was on with a rush. No estarted Alhambra off in the lead by shooting the first basket. Stockton then took the lead by shooting two baskets. The remainder of the first half was a fight, in which Stockton got the best of it. The score stood 10 to 7, as the gun ended the half. Both teams started off the second half with a fast game. Soon Alhambra and Stockton were tied at 12 each. Then Stockton took the lead for some time. Nelson shot two baskets, making it 18 for both teams when the second half ended. The game could not seem to decide the victor. An extra five minutes was placed and Stockton shot the first basket, then Alhambra shot two fouls, Just before the last gun went off Stockton dropped the ball through he basket, giving them the Championshop of California by the score of 22 to 20. Such is the story in brief; you need no more details for you were all there.

Thus came the close of our Basket Ball season and such is the record of our wonder team. We are proud of our Central and Southern California Championship pennants and of our victory over the Central California Champion. We are all set to start after the State pennant next year and thus bring home what came very

close to us this year,

THE MEN

Alvin Balling, Guard and Captain, was a fast steady player who never lost his head or his fighting spirit. Balling was on the 110 pound team as a Sophomore, one of the 130 pounders as a Junior, and Captain of the first team while a Senior. We wish he had a few more years to play for A. H. S.

John Fox, Center, was Floor Captain when Balling was not in the game. He was one of the most valuable players on the squad because of his never failing ability to play better as the game tightened up. He not only was a good jumper, but played

the floor well. Fox is a Senior, and played two years on the first team

Walter Campbell, Guard, and a Senior, played his second year as Guard on the first team. Previous to that he had never gone out for athletics. He was always a consistent, steady player and very valuable to the team because of the confidence the remainder of the team had in his ability to stop the opponent's offense,

Ted Mata, Guard, was without doubt the best Guard in the state this year. Mata is a Senior and this was his first and last year on the team. He had never gone out for Basket Ball before, but had a natural instinct for the game. He had what experts call a "feel" for the ball. His ability to diagnose the offense of the opponent and break up the play before it was well under way was at times uncanny.

Kenneth Shutts, Guard, was another Senior who never went out for Basket Ball seriously until his Senior year. As a Sophomore, Shutts had earned a place on the team as guard, and looked like a future star, when he dropped the game. As a Junior he did not go out, but this year again took up the game seriously and made good. Another year and Shutts will be a valuable man on any man's team.

Nelson David, Forward, played his first year on the first team this year, although he had an opportunity to make a first team letter last year. He, with several others, played on the 130 pound team last year at the Coach's request, looking ahead

to this year's success. David has another year and will be a heavy point scorer next year.

Irvine Nye, Forward, also passed up a chance to play on the first team last year in order to gain experience for this year's first team. Nye is a Sophomore and has two years more to go. He is a good long distance shot and a good floor man.

Cliff Ritter, Forward, Captain-elect for next year, like David and Nye, had every chance of making first team last year, but remained on the 130 pound team. Ritter will be a valuable point winner for one more year. This year he was not so good a shot as some of the other forwards, but was a valuable floor man. He was perhaps the most shifty man on the squad and always fighting hard.

Claude C. Downing.

LIGHTWEIGHT DIVISIONS

It has been customary for the last few years to have 130 pound and 110 pound basket ball teams. After a player has spent a year or two on these teams he becomes good material for the first squad. For instance, David, Nye, Balling and Ritter played on last year's 130 pound team. This year we again had good lightweight material. The 130's won several games before losing to Glendale. Those who played on this team were, Raymond Mills, Elwood Harmon, Sam Abrahamson, forwards; Pete Least mont center first and large Phendore Best at Lee Views Visit Control guards.

The 110's played even better basketball than the 130's, for they won their division of the angree tenting Franklin Glendier and South Pasadenic. The members of this team were: Fred Bowers, center; Richard Rhoades, Loyal Hawthorne, William Balmer, forwards; Jovee James, Warren Doty, guards.

TRACK

PERHAPS we don't realize what a climb our Track team made this year, but it was be well for as to remember that can position in the league is a good name points stronger than it was last year and if the upward climb is continued the Blue and Gold will yet reach the top round. A winning track team is not worked up in a single year and our best point winners this year were those fellows who worked so diligently without support last season. Fortunately we will have many of them with us again next year, and with strong student body backing this branch of atheres next be brought to the set excess that A hard many bas attanced in basket call and baseball.

The early track events of this season seemed to indicate that Alhambra would be a strong point winner, especially when we defeated Whittier 56-32, and took eight first places. Lincoln High's second team met defeat by a score of 73-40, and we lost to Fullerton by only one and a third points. Fullerton won the high jump at 5 ft. 1 in. West of Alhambra makes 5 ft. 6 in., but was out of the meet because of illness. That cost us the meet.

In the league contest the A. H. S. cinder path representatives did not do quite so well, although we made a splendid showing and improvement over last year.

CENTRAL LEAGUE TRACK MEET

The seven schools of the Central League clashed in their annual meet, which was held at Patterson field, Occidental College, on April 1st.

Monrovia took the meet with 43 points, Ed Shaw, their star athlete, making 20 of them. Covina came in second with 34 points; Franklin third with 20; Alham-

IRKKILIM

bra fourth with 19 points; Citrus fifth with 14; South Pasadena sixth with 9; and Glendile ist with 4 points. Remote started for Albandura and Jones West and Wilhelm did well.

The results of the events were as follows: 880-yard dash (Ring (Covina).

Cypher (Monrovia), Linder (Covin.), Pruitt (Franklin). Time 2818 2/5.

100-yard dash-Lee (Franklin), 1. Shaw (Monrovia), Roberts (Covina), Remboa (Alhamhra). Time 0:10 2/5.

4 m. v. and dash-Shaw (Monrovia), Pollard (Covina), Morey (Covina), Sulli-

vin (Glend de). Time 0:53-3/5.

120 card high hurdles-Shaw (Monrovia), Shavor (Covina), Thes Alhambra), Olson (Monrovia). Time 0:16 4-5.

220-yard dash—Lee (Franklin), Roberts (Covina), Remboa (Alhambra), T. Shaw (Monrovia). Time 0:23.25.

Mile run-Cypher (Monrovia), King (Covina), Shorey (Covina), Haves (Covina.

Shot put-Anderson (Monrovia), Floyd (Franklin), Olmstead (Covina), Pe terson (South Pasadena). Distance 43 ft. 10 in.

Pole vault—Wheeler (Covina), Brown (Glendale), Wilhelm (Alhambra), Mc-Entry (South Pasadena). Height 10 ft. 4 in.

Pole vault-Wheeler (Covina), Brown (Glendale), Wilhelm (Alhambra), Me-Eniry (South Pasadena). Height 10 ft. 4 in.

120-yard high hurdles-Shaw (Monrovia), Shavor (Covina), Jones (Alhambra), Olson (Monrovia). Time 0:16 4/5.

220-yard dash-Lee (Franklin), Roberts (Covina), Remboa (Alhambra), T, Shaw (Monrovia). Time 0:23 2/5. Mile run-Cypher (Monrovia), King (Covina), Shorev (Covina), Haves

(Covina).

Shot put-Anderson (Monrovia), Floyd (Franklin), Olmstead (Covina), Peterson (South Pasadena). Distance 43 ft. 10 in.

Pole vault-Wheeler (Covina), Brown (Glendale), Wilhelm (Alhambra),

McEniry (South Pasadena). Height 10 ft. 4 in.

Discus—Peterson (South Pasadena), Baldridge (Franklin), Cheneworth (Covina), Boots (Covina). Distance 106 ft. 3½ in.

Broad jump-Remboa (Alhambra), Jones (Alhambra), Morey (Covina), Sha-

vor (Covina). Distance 20 ft. 8 in.

Relay-Monrovia, Covina, Franklin, Alhambra. Time 1:35 flat.

BASEBALL

A LHAMBRA always has been a strong contestant for league honors in baseball. I have been to ske to 12 up the past we do not that there is some expectation for mentioning the 1921 Central League Baseball pennant, since the annual went to press so early last year. We were only able to record the events of two games, so a few words of praise for the team that brought home that pennant are not out of place at this time. There certainly was plenty of excitement as that team moved up, notch by notch, to the top. They played some close games, but Wyman was right there to hold things down in a pinch. However, the details of those games belong to past history, so we must leave the 1921 team in order to glance at the 1922 record.

For a time it looked as though only one game was going to hold us out of the championship, but there's many a slip—and the second slip occurred during the last game in the season. Coach Ranker worked the team into splendid shape, especially when we consider that there were so few veterans left and that four of the team were still playing basketball when baseball started. If that difficulty could have been avoided, no doubt the first game in the season would have been to our credit rather than to Franklin's percentage. The loss of that game and the last at the close of twelve innings placed Alhambra second in the league.

A. H. S. 2—FRANKLIN 10

Alhambra journeyed over to Franklin for the first baseball game with high hopes. Everyone was interested to see what sort of a team had been worked up from the new materia. Fox pitched a good game and Lame did well as catcher. The infield was not as strong as it proved to be later in the season. At the end of the ninth imming the score was 10.2 m 1 rankams havor. We jost this game but see what we did later.

A. H. S. 7---CITRUS 2

Our team came back and beat Citrus by the lopsided score of 7-2. The team certainly looked better than in the Franklin game. The players hit the ball hard at all times and also put up a good detensive game. We also had good packing Raddle doing the best he has ever done. Fox also pitched well but was not forced to exert himself, as we already had a good lead when he was sent in. This game showed that the infield was rounding into excellent shape. Ritter fitted nicely between the veterans, David and Houser. Third base was also well taken care of by Hoyt Porter, who has a splendid "peg" from third to first and is no slouch at fielding.

A, H, S. 9—COVINA H. S. 6

The Covina game was a see-saw affair all the way. In this game Covina got off with a flying start in the first inning and made two runs, due principally to poor fielding on the part of our team. Our boys came right back at them and made one run in the last half of that inning. Covina scored again in the third inning. In the last half of that inning our team took the lead by three runs. In the seventh, with

BASEBALL TEAM

the score at 6-4 in our avor. Covina tied the score up again by two runs. In the next inning Albambra staged a rally and scored three runs which was more than enough to win. Fox pitched the entire game and held Covina at bay most of the time

A. H. 5 8—GLENDALE 7

A. H. S. played Glendale on their diamond April 21st in one of the most thrilling games we have ever played. Glendale led off with a run in the first inning, but our team came right back and tied it up in the next round. By the time the eighth managed a round Glendale had a three-run lead. In the eighth inning Alhambra managed a big rally and before the dust had settled we had made five runs and were leading, 6-4. Just to make things interesting, Glendale made another run that brought the score up to 6-5. Our team extended their batting rally into the ninth and scored two runs in that inning. In the last half of the ninth, Glendale made a desperate effort to tie us, but fell one run short. Riddle pitched another good game. Fox, who played center field, furnished the star catch of the game, snaring a line drive on the run. The infield played its usual snappy game. Fred Houser was missed at first, but Nye proved a good substitute. George Lane caught a good game and was a shark at throwing out base runners. In fact he stopped Glendale's ninth-inming rally by throwing a man out at third.

A. H. S. 11—SOUTH PASADENA 3

The South Pasadena High baseball team lost to Athambra by the score of 11-3. For an inning and a half they looked as if they might have a chance, for before out team came to bat in the last half of the second inning, South Pasadena was leading, 2-1. By the end of the inning the game was as good as finished. A. H. S. made six runs in that inning, partly due to our team's good batting and partly to the numerous errors made by South Pasadena. With the bases filled, Nelson hit the ball to the pitcher and made three bases on it, while the South Pasadena team was throwing the ball all over the diamond. In spite of our runs, the game was very slow. Charles Riddle pitched the entire nine innings and pitched well, striking out thirteen men.

A. H. S. 5-MONROVIA 6

Monrovia won a close game from Alhambra at Monrovia in twelve innings of hard-fought baseball. Alhambra retained second place in the league, even though she lost the game. For pitched a splendid game but was given erratic support in the first two innings. Ted Shaw of Monrovia struck out 22 of our bitters and had our team tishing for his curves during the whole game. Porter and Riddle were the only players on our team to hit at their usual gait. Porter made three luts and Riddle two. Porter's two-base hit was the only extra-base hit in the game. Another word about our infield. Porter and Ritter certainly filled in nicely with the veterans, David and Houser. The quartet formed the best infield in the league.

BOYS' TENNIS TI AM

TENNIS

It is always difficulut for the annual to do justice to the record of the tennis team because the Central League tennis events take place so late in the year that the book often goes to press before the matches are even well started. Judging, however, from what the team has already done this season it seems safe to predict that we will have a championship team. Alhambra was forunate in having Fred Houser on the team again and some very good material has been developed by the challenge matches that have been played during the year. Mr. Horn has been constantly on the sh and has done much to make both the boys' and girls' team a success. Perhaps the best feature of the year's practice work is that fact that Rod Houser and Robert Behlow are both Freshmen and so have three years yet to serve Alhambra. Rod placed second on the team so it seems to run in the family

CARPENTERIA TOURNAMENT

Fred and Rodman Houser represent A. H. S. in the annual tournament at Carpenteria. Fred played some wonderful tennis and took first honors in the singles.
Through the fine team work of the Houser brothers, Alhambra also took first honors
in the doubles and the boys brought home the silver cups which were given for both
the singles and doubles matches.

OJAI TOURNAMENT

At the Ojai annual tennis tournament, Fred and Rodman Houser again represented A. H. S. in a very fine way. Fred Houser brought back a cup for second place in the singles, being defeated in the final match with a Hollywood student. Although Fred and Rodman did not take any special honors in the doubles, they fought hard and played splendid tennis.

SOUTH PASADENA

The first Central League tennis match was with South Pasadena, our deadly rival. After our team got through running them all over the court the score was 17 to 0 in Alhambra's favor. Alhambra won the four single matches and the two doubles matches. The team was of the following: Fred Houser, Rodman Houser, Sam Abrahamson, and Robert Behlow.

GARIN HINNIS TEAM

GIRLS' TENNIS

Unfortunately tennis is the only interscholastic sport in which girls can compete. However, they have always made a good showing in it and we expect them to do the same this year as we have a fine team. The league schedule did not arrive before the annual went to press and therefore we are unable to summarize any of the tournaments.

The girls have won a tournament with the Girls' Collegiate and lost one to Marlborough.

The first team players are as follows: Carolyn Johnson, first player; Nenetzen Scullen, second player; Dorothy Ham, third player; Elizabeth Stein, fourth player.

The round-robin, under the coaching and supervision of Mr. Horn, and also our own new tennis courts have had a great deal to do with the awakening of interest in tennis this year which has been prominent all during the season.

The tennis team is working hard and it is up to the Student Body to turn

THE CIRCUS

The two athletic departments joined hands on May 4-5 and gave the annual circus in the auditorium. The boys featured many wonderful stunts such as pyramid building and an aerobatic act, also many screamingly funny clown tumbling acts. The girls contributed several interpretive dances and a little skit taken from the story of the Land of Oz. There were also several vaudeville acts, consisting of songs and dances. The funds from the circus are for the Athletic Fund

GIRLS' ATHLETICS

HE Giels' Athletic Association was organized three years ago. Its purpose is to is to win an "A" by getting ten points for playing in the interclass sports which are volley ball, basketball, track, tennis and baseball. Each girl who plays on a winning team is given two points. Also a point may be gained by taking five ten mile

hikes or getting a yearly average of one in Gym.

Those who have succeeded in winning their "A" are entitled to membership in the Algia Club. This is a new organization and a great deal has not yet been accomplished. However, the Algia girls look forward to big things. The girls who founded the Club are: Dollie Burkhart, Evelyn Bennet, Dorothy Bodinus, Beatrice Atchley, Ad. Croshy, Eleanor Friend, Marion Higgins, Carolyn Johnson, Carol Morse, Nenet zen Scullen, Elizabeth Stein, and Dorothy Wilson. The members who have just come in are Alice Bennet, Mildred Alles, Gladys Anderson, Mary Crosby, Dorothy Floyd, Eleanor Linville, Thelma Peters, Gwen McNeale, Catherine Murphy, Reva Hender son, Louise Stone, Blanche Shull, and Mildred Wynne.

SPORTS

To be sure, tennis is the only interscholastic sport in which the girls have an opportunity of participating; however they have their share of fun and excitement in the intereless gimes of voice ball basketball track and in foor biseball, and hope that by proving their ability and sportsmanship in these contests the time will come when gals interscho tic sports will be sanctioned.

Vol ev b. I is the first sport of the school year in Girls' Athletics. The Seniors won the inter-class championship while the Juniors took second place. The Sophomores

and Freshmen took third and fourth.

In basket ball the Seniors won again by some hard fought games. The Juniors came in second while the Freshmen put one over the Sophomores and took the game from them.

Track and indoor baseball will not be over before the annual goes to press, so the results of those events cannot be entered here.

OCTOBER

Wed 5—Our second treat comes on Wednesday this time,—Miss Ann Thompson; she was a treat in herself

Fri., 7-We hear for the first time about Glendale's nanny goat. We didn't get it this time, but this is only number one

Mon., 10-Our orators give us speeches, Messrs, Roodhouse, Larimer, and Berke bile being the best

Thurs., 13-Vacation. How heavenly! The faculty have to labor at institute but we may rest our weary brains

Fri., 14—All back, including Mr. Routt, who has been very ill. All happy to see him and each other again. We visited South Pasadena. We went, we saw, we slipped. "Nough said."

Wed., 26-Yell leaders. Toot, Toot. Bob Stien, and the long and short of it are

Fri., 28—Sad! Sad! Franklin came to see us. Football is supposed to be a sport To Alhambra it is an agony,—just look at Dick's face

NOVEMBER

Fri., 4—"Stop Thief." The Juniors are not as bad acrors as the title would infer Tues., 8—The first edition of a long wanted paper, "The Spotlight," comes out Wed., 16—First league debate. Bower and Edwin show Whittier that the people of the U. S. are not behind the 18th amendment

Fri. and Sat., 18 and 19—Big doings. A. H. S. mistaken by strangers for a poultry ranch. The boys enjoyed themselves as we hope the visiting girls did. Hurrah for the Girls' League! Long may it live!

Fri., 18-End of the quarter when the holes (0's) show up.

DECEMBER

Fri., 9-Seniors promenade before assembly in black and white.

Fri., 16-The Senior-Junior Dance. Great society event.

Tues., 20-All out until January 3d. A Merry Christmas and a Happy New Year to all.

JANUARY

Mon., 3-Jovs of vacation are over. Look what is ahead! "Work for the night is coming.

Wed., 18-Mr. Jones, Smith, Stewart, and Baby Rose entertained us and did it up in fine shape.

Fri., 20—Sam and Warren ought to be on the Vaudeville stage. They know how, Good advertising for dramatics class plays.

FEBRUARY

Fri., 3-Quarterly Ball. A. H. S. is to remain on school grounds at noon.

Mon., 5—A hundred or more new members flock to our school. . A nursery is soon to be established.

Tues., 6-"Hot Dog" stand moves across the street.

Sat., 18-The Athletes' Ball. Punch and Jazz.

Wed., 22-Dr. Fredrick Ward. A real treat.

Fri., 25—The League Championship in Basket Ball is cinched while the rain pours down upon the covered chicken wire.

MARCH

Fri., 10-Ventura falls before our Casaba five.

Thurs., 16—The villagers licked Manual Arts to a standstill, much to the horror of the city quintet.

Fri., 27—Our Central League debaters bring us another pennant by defeating Citrus. Sat., 18—A. H. S. basket shooters win exciting football game from Fullerton thereby winning the Southern California Championship.

APRIL

Mon., 3-Snap shot week for annual, Some primping!

Wed., 5—The A. H. S. nine have their hopes shattered by Franklin. Seniors show is that they are very equal to a containing their finished production, "A Bachelor's Romance."

Fit 7. The baseball spend get in their feet after a sticinious basket full seisen and clean up on Citrus. Just now everyone is preparing for a week of good times; vacation has come at last,—earbolic acid!

Tues., 18—The baseball team gives a successful demonstration of that time worn adage, "They came, we saw, we conquered." The victim this week was Covina.

Fri., 21—Still bitting on all four, in baseball; just finished doing up Glendale.

And, "Oh, Min! we just won the debate at Compton and now after we beat Inglewood we will have won another Southern California pennant."

Tues., 25—Oh, Freshiel how that Spotlight hurts mine eyes, but let's shake on it; you sure put out one "humdinger" of an edition.

Wed 26 Right this way a move a trial a dime on with the I trial Dance. A scrumptious time enjoyed by all.

Thurs., 27—Tonight we are going to the Shakespeare Festival and study tomorrow's English lesson.

Fri., 28-Put the "Kibosh" on South Pasadena's hopes in America's national pastime.

Linky colt

CALENDAR-Continued

MAY

Mon., 1—Freshmen and Sophomore pictures for the annual. Much noise on front steps. Who said silent pictures?

Tues., 2-Scholarship assembly. Lots of brains displayed.

Fri., 5—Annual Circus. Amy, the new A. H. S. flapper, makes quite a hit. Big doings for society set. Juniors entertain for Seniors at big dance.

Tues., 9-Unusual weather for California-rain in May. Result,-spring toggery spattered with mud.

Wed., 10-Mr. Ford talks. Miss Weeks says he isn't the rattleman.

Im., 12 Annual goes to press. Miss Mirrar and staff hold their breath awart not the results.

DIPLOMA-CY

(As sung by a Senior class member)
Aly high school 'tis from thee
I am about to fice,
And so I sing.
School of my parents' pride,
School where I almost died,
As soon as I'm outside,
Let freedom ring.

Thy themes of English lit.,
Caused me to throw a fit
And bored me much.
Geom. and other math.,
Choked me with rage and wrath;
For less love no man hath
Than 1 for such.

Almost old Caesar's Gaul,
Hygiene and physiol.
Made me expire.
Almosts old lab. and chem.,
So long I slaved at them,
Won me a diadem
In heaven's choir.

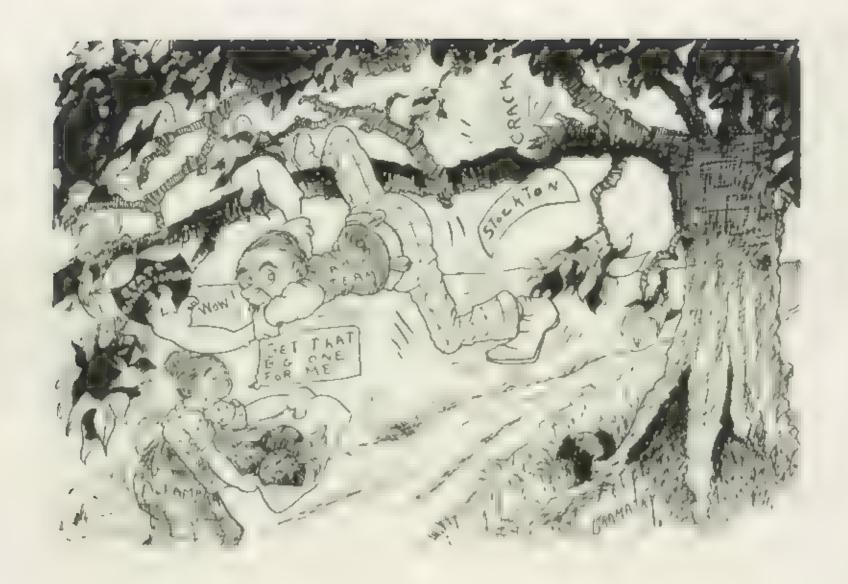

My dear old high school prin.,
Forgive my gladsome grin;
From you I fly.
For now I have my dip.
And I'm prepared to skip
Hark to my joyous yip!
Old High! Good-bye!

Vinets

JOKES

If you get a C in Math,
Read our Joshes.

If you want a hearty laugh,
Read our Joshes.

If you fail to make the team,
If you're snubbed by the new "Dream,"
Read our Joshes,

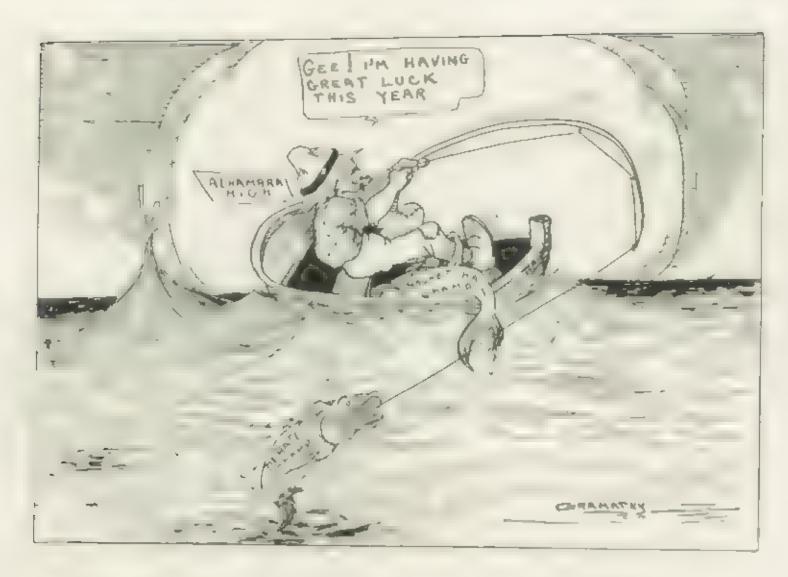

If you're a freshman ('cause you're green),
Read our Joshes.

George McDonough (at Balboa): Look, that girl is being carried out by the tide!

Shorty Olson: Get a cake of soap, quick, or she'll drown. George: Are you crazy? What good will a cake of soap do? Shorty: Wish her back.

My bonnie lies under the auto,
My bonnie swears under the car;
Please send up to the garage for someone,
It's lonesome up here where I are,

Henry: Why I thought that suit you have on was brown, yesterday Clem: Yes, but I took it down to Mullen and Bluett.

Alhambra Publishing Company

117 W. Main St. Phone 37 Alhambra, California

Publishers of the Alhambra Advocate and Alhambra News, with 24 years and 14 years, respectively, of progressive and successful service to Alhambra and its citizens

Both papers lead as the best of advertising mediums.

An up-to-date shop, well equipped to do all classes of job and commercial work.

BOYS AND GIRES!

THE ALHAMBRA SAVINGS AND COMMUNCIAL BANK

wishes to extend felicitations to the graduates of the Alhambra High School as well as to congratulate all of those students who are now enjoying that wonderful opportunity of attending Alhambra High

But remember, now is the time also to prepare yourself for business, professional opportunities, further education, the rainy day, the unexpected.

Start to feather your nest now.

One dollar opens a savings account—the opening of a dollar account may lead to the attainment of unthought-of possibilities.

One Dollar! Do It Now!

Sam Abrahamson: Has Shirley any education along musical lines?
Fred Houser: I should say so! Name any record and she'll tell you what's on the other side.

When you procure some H₂S, And other stuff as bad—or less, And mix a frightful smelling mess, That's Preparation,

And when you take the tube of stuff And pour it through some paper rough, And half of it goes down your cuff, That's Filteration.

And when you dump some acid in.

And star it up, and boil it thin,

And stat t for a while like sin.

That's Separation.

But when you've worked both hard and long.
Make your depart with courage strong,
Then Miss Green says, "It's all wrong,"
That's Heck and Thunderation.

1725 West Main Street

Alhambra, Cal.

Son: How old is that lamp, Dad?

Father: About three years.

Son: Turn it down, it's too young to smoke.

She laid that still white form beside those that had gone before. No groan, no sigh, burst from her. Suddenly she let forth a cry that pierced the still air, making it burst into a thousand echoes. It seemed as though it came from the depths of her soul. Twice the cry was repeated, and then all was quiet again.—She will lay another egg tomorrow.

She: He loves to dance, doesn't he?

He: Judging from the way he holds that dame, he dances to love.

Ferrell's -:- Shoe -:- Shop

extends best wishes for a happy and successful life to the 1922 graduating class, and to the rest of the school for another year just as bright as this.

25 W. Main St., Alhambra-Across from Krystall's

Sambo: What's da trouble, Rastus, voh all looks worried?

Rist is Well to see its kits. With wite wrote new letter iskin' folling to and territor letter. And don't be see the money so an writes here, letter sixin'. "Enclosed please find a check foh one hundred kisses."

Sambo: Well! What's the matter with dat?

Rastus: I just got her reply an' she says, "Thank yoh foh you're check, ah had the iceman eash it dis mornin'."

Clerk: Here is some good hosiery with the clock design on them.

Girl: But I think they are a little too flashy for me.

Clerk: Well, here is a pair with a clock design that is not quite so striking.

Mary Edith: Please tell me what a debate is, Walter.

Campbell: Well, it's a kind of bait indulged in by oral expression sharks. Two of these sharks will quarrel for a time, until one gets the bait all to himself. The other one generally gets the hook.

Scrub (just entering high school): Say, what's the faculty?

Fred Houser: Well, son, they're just a bunch of men and women hired to help the seniors run the school.

Nenetzen Scullin: I always sleep with my gloves on; that's what makes my hands so soft.

Thelma Alexander: I suppose you sleep with your hat on also,

Adrian: Did you know that Mary was the flower of her family?

Dutton: Why, no. I never heard that before; what makes you think so?

Adrian: Because she is such a Blooming Idiot.

Freshman: What is an ovster?

Wise Senior: It's a fish built like a nut.

An Englishman went to Paris where he stayed for some time. When he returned, a friend asked him how he liked France.

"A beastly country," he replied, "perfectly beastly. They know nothing there.

They don't even know how to talk. Why they call bread 'pain'."

"But," his friend said, "that is the French word for bread."

"Oh, I know that. But why should they call it that? It's really bread, you know."

Stop and Think

What does it cost you to clean house without the AMIRICA CLEANER?

Did you ever realize that you are paying out more actual money than it would cost you to buy the famous America Electric Vacuum Cleaner?

You can buy the America so easily, too—it costs you only a few dollars down, and the balance by the month, paying for itself as you pay for it.
